AWARD

The Government of West Bengal, in the Department of Labour, by order No. 1988Dis./D/7L-48(A)/53, dated 7th April 1954, order No. 2329-Dis./D/7L-47/54, dated 6th May 1954, order No. 3393Dis./D/3A-10/54, dated 12th July 1954, order No. 3537Dis./D/7L-47/54, dated 21st July 1954 and order No. 4130Dis./D/7L-47/54, dated 26th August 1954, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The Award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

While the aforesaid dispute was pending, one application under section 33A of the Industrial Disputes Act in case No. 92 of 1955 was filed by the petitioner Suleman stating that 18th March 1954 was fixed for hearing of the matter, and it was adjourned to 1st April 1955 for non-appearance of the opposite party, that during the hearing the representative of the petitioner showed some papers and submitted something in English which the petitioner could not understand, that after reading out the charge-sheet Mr. Khan told the petitioner that he was really charge-sheeted, that the charge-sheet which is under some chapter, some clause of some conditions which had never been certified by the Certifying Officer, that the charge-sheet is dated 9th August 1954 and the employee's explanation of the charge is also dated 9th August 1954, that the petitioner was not given any time at all to explain in writing, that under the circumstances this petition under clause (a) of section 33 of the Act be please read with the petition under clause (b) of section 33 of the Act filed on 16th August 1954 which has been thoroughly exploded and the so-called charge-sheet be cancelled and stringent action is prayed for costs and other reliefs.

Notice of the aforesaid application having been served on the opposite party, the company filed its written statement stating that the application under section 33A of the Industrial Disputes Act is not maintainable in law as no violation of section 33 of the Industrial Disputes Act has been made by the Company, that the Company submits that the petitioner who is an employee of the Angus Co. is under the direct control and discipline of the Head Office and that the Angus Company through its Managing Agents and not the Manager of the Angus Jute Works are the proper employers of the above Workman, and that as such, the Manager, Angus Jute Works, has no locus standi in the matter, that the Company submits that the complaint of the petitioner relates to the warning issued by the Company on 13th August 1954 after a charge-sheet was issued to him for habitual absence and insubordination, that the service conditions framed by the Company for River Transport Staff incorporate the provisions of the Standing Orders applicable in the case of jute mill workers, that in the circumstances the Company submits that the application of the petition be rejected and the petitioner is not entitled to any cost or relief as claimed.

While the aforesaid dispute was pending, the other application under section 33A of the Industrial Disputes Act was filed by the petitioner Suleman, Dandi, in case No. 365 of 1955 stating that he was a Dandi employed as permanent workman in boat No. 5 of Angus Jute Works, that the Manager, Angus Jute Works, is the employer who represents the Angus Jute Works, the employers, that during the pendency of the adjudication proceedings before the Tribunal, the petitioner had been suspended by way of harsh punishment without giving the petitioner any scope to produce evidence to defend himself, that no amount should be deducted on account of this wrongful punishment, that in the circumstances the petitioner prays that the cost and other reliefs which the Tribunal deems fit and proper should be awarded.

Notice of the aforesaid complaint having been served on the opposite party, the Company filed its written statement on 30th November 1955 stating that the application under section 33A filed by Suleman, Dandi, contains various vague, misleading and incorrect allegations, that the Company submits that it has already filed an application under section 33 on 12th October 1955 seeking permission to dismiss the workman concerned and pending such permission he was suspended, that in the circumstances

the company prays that the application under section 33A filed by the complainant should be rejected on the preliminary point of law and on merits.

For the sake of convenience of decision these two cases are taken up together and hence this Award will govern both the cases.

DECISION

Although a petition of complaint alleging violation of condition of service for failure to apply under section 33 for permission of this Tribunal has been filed, it has now been proved by the employers that actually this is not the case. In fact they applied under section 33 of the Industrial Disputes Act for permission of the Tribunal. We have perused the two applications under section 33 and under section 33A of the Industrial Disputes Act and we find that the petition under section 33 covers the ground which forms the subject-matter of the complaint under section 33 of the Industrial Disputes Act in each case and which has since been struck off as the Tribunal became *functus officio* after one month of the publication of the Award.

It has now been held by the Supreme Court in the case of Automobile Products of India Ltd. (1955 L.L.J., Vol. I, page 346) that it is the contravention of the employer of the provision of section 33 of the Industrial Disputes Act or section 23 of the Appellate Tribunal Act which gives rise to a cause of action in favour of the workman to approach and move the respective authority concerned of the additional jurisdiction and power conferred on it by the section. The authority referred to in the section is a Court of Limited Jurisdiction and must accordingly be strictly confined to the exercise of functions and powers actually conferred on it by the Act which constituted it.

In the present case it being proved that a petition seeking permission of the Tribunal was actually on the self-same grounds, we hold that the petition of complaint under section 33A of the Industrial Disputes Act in each of these cases Nos. 92 of 1955 and 365 of 1955 is not maintainable and we award accordingly.

DECISION

This appeal is against an award of the First Industrial Tribunal, West Bengal, dated 27th May 1955, and published in the *Calcutta Gazette*, dated 24th June 1955. By order No. 2869 Dis./D/7L-15/54, dated 4th June 1954, two issues were referred to the Tribunal—

(1) Whether the Company was justified in terminating the services of Shri Sreeman Chandra Basu on grounds of superannuation?

(2) What relief Shri Basu is entitled to?

Issue No. 1 was decided against Shri Basu. Hence this appeal by him.

Shri Basu, a cashier in the Respondent Company, was retired by order, dated 30th November 1953, with effect from 1st December 1953, on the ground of having reached the age of superannuation with an offer to get his dues per Jute Award. He denied having reached that age and imputed bad faith to the Company. When he demanded his pay and other dues, Company made a deduction of Rs. 2,932-0-6 from his dues. Conciliation failing, this reference was made. He denied Company's claim for outstandings against him. The Adjudicator found against him on this matter as well and awarded him only the balance, after calculating his gratuity according to the provisions of Chapter VA of Industrial Disputes Act and deducting therefrom the amount due to the Company.

Regarding the rule of retirement, the workmen's Union whose registered office is in the appellant's house, served a charter of demands on the Company on 29th January 1953, one of the demands being that "a man shall retire after completing 55 years of age and in exceptional cases where parties agree extension may be granted". Company says it accepted this demand. Appellant's contention is that the Company did not accept any of the demands, never intimated to the Union its acceptance of any demand and that it could not accept one demand out of many, some of which were inter-related to the matter of retirement, e.g., rate of gratuity. The Adjudicator has believed the Company's case that it had accepted this demand of the Union, as the junior section of the employees was getting restore. This is a finding of fact and there being evidence in support of it, it cannot be disturbed in appeal.

As to the appellant's age, a statement marked A showing the age of different employees, was enclosed with the said charter of demands, in which the appellant's age was shown as 54 years, on 1st December 1952. The Company got the ages of different employees ascertained. In a slip Ext. E, 1897 is given as the year of appellant's birth and this entry is initialled by him. Appellant denied this initial. Shri Panchanan Chanda, O.P.W. 1, assistant cashier proved this initial. The Adjudicator believed him. Appellant was cashier. Shri Chanda was assistant cashier. He knew appellant's initial. We find no reason to disagree with the learned Adjudicator. Born in 1897, the appellant was over 55 on 1st December 1953. He was rightly retired.

Regarding deductions from the amount due to the appellant, he pleaded in paragraphs 32 and 33 of his claim statement that being cashier he had to maintain suspence cash account of sundry payments and receipts and this account need not have appeared in the original cash book and had to be kept in *kutcha* cash book. The Company purchased several shares in different companies in the appellant's name all of which are not known to him and Shri Dayaram Babu used to pay Rs. 50 per month in the appellant's name from his own funds for reasons best known to him. As a faithful servant he has done many things in the interest of the Company details of which shall be furnished at the time of hearing, these being business secrets. Company replied that these allegations are distortions of facts and on checking accounts a balance of Rs. 3,315-0-6 was found against him. Though he had admitted his guilt, still due to his long service, the management allow him to pay Rs. 50 per month from his salary. A further sum of Rs. 1,017 was lying to his debit in the Company's books. Out of this total of Rs. 4,300 and odd he paid Rs. 1,400 leaving a balance of Rs. 2,932-0-6 against him. In his examination-in-chief the appellant did not say a word relating to their matter. In cross-examination, he denied that he had defalcated any money, but admitted signing the vouchers which fasten liability on him. Shri Panchanan Chanda deposed to the balance outstanding against the appellant and the alleged understanding against the appellant that the appellant would pay Rs. 50 per month out of his monthly salary. He denied in cross-examination that this money was not taken by the appellant and was kept for the Company's business. The Company tendered in evidence the vouchers signed by the appellant. The Adjudicator believed Company's case. In appeal, Shri D. L. Sen Gupta argued for the appellant that Shri Daya Ram Poddar purchased shares in the appellant's name to avoid payment of income-tax and when appellant was assessed to tax on that account, he approached Shri Daya Ram Poddar who told him that he (Poddar) would pay the amount of income-tax. This explanation was neither given in these words in the claim statement nor in the appellant's statement nor was it put to Shri Chanda, O.P.W. 1. Therefore, it cannot be accepted in appeal, when there is no evidence in support of it. Shri D. L. Sen Gupta argued that Shri Poddar must have entered the witness box and denied this version of the appellant. But it was not put forth by the appellant in his pleadings or evidence, therefore, Shri Poddar need not have appeared in evidence. We uphold this part of the award as well.

Lastly, it was contended, that it is a case of victimization and unfair discremination due to trade Union activities of the appellant, as immediately after the formation of the Union the Secretary was discharged and then the appellant, as the office of the Union is undoubtedly in the appellant's house and others who have exceeded the aforesaid age of superannuation are still in the service of the Company. The Secretary's age was 68. The appellant had exceeded 55. It is true that there are others still in service who are over 55. The Company's reply is that it is retiring them as permitted by the requirements of the business. Those others are also in key positions. All work cannot be disturbed at once. These explanations are reasonable. There is no force in this contention as well.

ORDER.

The appeal is dismissed. No order as to costs.

DECISION

This appeal is directed against an award of the Third Industrial Tribunal, West Bengal, dated 2nd September 1955, and published in the *Calcutta Gazette*, dated September 29, 1955. The only issue referred to the Tribunal was:—

"Introduction of grades and scales."

In view of the precarious financial condition of the Company and the nature of the Industry, the learned Adjudicator did not consider proper to introduce grades and scales, but in view of the fact that bonus paid in the past had ceased and the rate of *Puja* bonus had been reduced since the award of Shri Palit, he awarded a general increment of Rs. 3 per month in the basic pay of all the 51 workmen concerned with this dispute. Being disatisfied with the award the workmen have preferred this appeal. Only two grounds have been taken in the Memorandum of grounds of appeal:

(1) That the learned Judge erred in disallowing retrospective effect in respect of increments.

(2) He did not suggest any grade or scale.

The Company, as its name suggests, manufactures medicinal preparations and injections which are very vital for all common people. Its invested capital is less than 1.50 lakhs. It runs on a small scale. Since 1948-49, it paid dividend at 6 per cent. in the first two years, none in 1950-51 and 1954-55 and 3 per cent. between in 1951-52, 1952-53, 1953-54. It paid bonus amounting to Rs. 14,752 in 1948-49, none in the following three years and a little over Rs. 3,000 in each of the last three years ending with 1954-55. Its balance sheet, profit and loss account are duly audited. It is clear that its financial condition is not very sound. There is a reason for it. During war-time, being afraid of bombing it opened branches outside which had to be closed down resulting in loss to the Company.

The workmen's contention is that it is paying high salaries, commission and bonus to its high paid employees and top men. But the work is of such a technical nature that only highly skilled persons can do substantial work in it. Other workmen can only work according to their directions. It is, therefore, not surprising that high emoluments are paid to its top employees. It is further urged that some of the employees are employed unnecessarily, e.g.,, a Law Offier in such a small concern and some of the highly paid employees are relatives of the Directors of the Company. There is no such evidence on record. We reject this contention.

When once it is established that financial position of the Company is not sound, the learned Adjudicator was fully justified in refusing to fix grades and time-scale. Besides this grades can be fixed when categories of workmen can be fairly ascertained. That may be possible only in those industries which are well established, the number of which are not many.

In an industry like the present one, this is not possible and wages can be fixed only having regard to efficiency and experience of the workers. No doubt some of the 51 workmen are of the commonly known categories, e.g., sweeper, typist clerk, durwan, etc., etc. Annexure A to the Company's written statement is a list of all the 51 workmen. It indicates the occupation of each and payments made to each of them. It was conceded on behalf of the appellants that the employees whose basic pay exceeds Rs. 150 are not concerned in this appeal. We have examined the basic wage and dearness allowance of each of these employees. We think that in view of the financial condition of the Company the wages of none except three are below the minimum and if we add Rs. 3 as awarded by the Tribunal, that will be quite fair in view of the financial condition of the concern. The existing wage of none of the employees is below Rs. 30 and now it has become Rs. 33 for the lowest paid workmen. The three employees are as follows:

(1) Mir Errudat Hossain, duftary and despatch clerk. His existing basic pay Rs. 45 and dearness allowance Rs. 30. We fix his basic pay at Rs. 55, because a duftary's job is somewhat inferior to that of a clerk.

(2) D. Bose, clerk, gets Rs. 30 basic wage. No clerk in Calcutta gets less than Rs. 60 as basic wage. The Company must pay the minimum basic wage at least. Similarly is the case of (3) K. Chatterjee, a despatch clerk whose basic pay is Rs. 39. We fix the basic pay of these two clerks at Rs. 60.

The wage of all the other employees is satisfactory after addition of Rs. 3 as awarded by the learned Adjudicator. The increase of Rs. 3 shall not apply to the case of the above three persons.

Regarding the prayer for giving restrospective effect to the award, we think the learned Tribunal rightly exercised its discretion in refusing to give restrospective effect in view of the financial condition of the concern. The appeal is allowed only to the extent that the basic wage of Shri Errudat Hossain shall be Rs. 55, of Shri D. Bose Rs. 60 and Shri K. Chatterjee Rs. 60, from the date the award of the learned Adjudicator became enforceable. The Company to pay Rs. 15 costs of the appeal to the appellants.

Officer accidentally meets at an evening party, an old friend of her husband, takes him in her confidence and tries to find relief by relating to him her sufferings due to the apparent neglect of her husband who seems to have become an enigma to her for his morbid mentality as also for his inexplicable dislike for his environment. She is not aware how much upset his mind has become due to the vicious and corrupt atmosphere prevailing among Government officials and Ministry and is also not aware that he feels prick of conscience in holding service under new Government and that he has been shocked at the manner in which his father much regarded for his uprightness, gives up his high ideals under sheer pressure of changed conditions. She also relates her suspicion about her husband's connection with another woman as he has been staying out for longer hours in the night, and asks his listener to help her in detecting the seducer. Their joint effort, however, brings them a pleasant surprise when they find the truant husband in deep meditations in a temple as he has recently been trying to find solace in spiritual endeavours.] Pages 190. No. P.H. 2769/2R-39/56.—28th July 1956.—Whereas the Governor is satisfied that the municipal area of Berhampore is threatened with an outbreak of smallpox;

Now, therefore, in exercise of the power conferred by section 2 of the Epidemic Diseases Act, 1897 (III of 1897), the Governor is pleased to prescribe the following temporary regulations for the prevention and control of smallpox, and for the medical inspection, isolation, observation and surveillance of persons suffering from or suspected of being infected with smallpox in the said municipality for a period of three months:—

Temporary Regulations for the Prevention and Control of Smallpox.

1. In these regulations, unless there is anything repugnant in the subject or context:—

(d) "Patient" means a person suffering from or suspected to be suffering from smallpox;

(e) "Medical practitioner" means any person practising the medical profession.

Notices.

2. If in any case the Health Officer or a Sanitary Inspector considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of smallpox, he may forthwith take such steps as he may think fit for carrying out the work and shall thereafter as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

3. If any measure which the Health Officer or a Sanitary Inspector has, by a notice issued under these regulations required to be carried out, be not carried out to his satisfaction within the time stated in the notice the Health Officer or a Sanitary Inspector shall be entitled to carry out the measure.

Cost and compensation.

4. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the municipality except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by such person:

Provided that where the conditions, which led the Health Officer or a Sanitary Inspector to pass such an order, are not attributable to any act or default of the person in possession of the property, the municipality may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The municipality may recover all expenses incurred by the Health Officer or a Sanitary Inspector in carrying out the measure under regulation 3 from the person or persons to whom the notice was originally issued.

5. The municipality shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations, if he has failed to carry out an order, issued under these regulations within the time specified in the order and to the satisfaction of the Health Officer or a Sanitary Inspector.

(2) The Doctor-in-charge of a hospital or a dispensary within the municipality shall forthwith give notice of any case of smallpox brought to such hospital or dispensary for treatment to a Sanitary Inspector or to the Health Officer by a special messenger and the cost of such messenger in each case shall be defrayed by the municipality.

8. Registrars of births and deaths shall supply to the Health Officer or a Sanitary Inspector such periodical returns of case of smallpox as he may from time to time call upon them to furnish.

9. The Health Officer or a Sanitary Inspector may examine any person who is or suspected to be, suffering from smallpox or who, in his opinion, may be infected with or likely to spread smallpox.

13. No person shall enter any place wherein a patient is isolated under regulation 10 without the permission of the Health Officer or a Sanitary Inspector.

14. When a patient has been removed from a house for isolation under regulation 10, the municipality shall provide for him force of charge a suitable place, with necessary attendants, diet, etc.

Bankura.—No. P.H./2802/2R-38/56.—30th July 1956.—Whereas the Governor is satisfied that the district of Bankura is threatened with an outbreak of cholera;

Now, therefore, in exercise of the power conferred by section 2 of the Epidemic Diseases Act, 1897 (III of 1897), the Governor is pleased to prescribe the following temporary regulations for the prevention and control of cholera, and for the medical inspection, isolation, observation and surveillance of persons suffering from, or suspected of being infected with, cholera in the said district for a period of three months:—

Notices.

3. If in any case the District Health Officer considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such step as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the District Health Officer has, by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice, the District Health Officer shall be entitled to carry out the measure.

Costs and compensation.

5. (1) All expenses incurred in carrying out any work in pursuance of any order issued under these regulations shall be paid by the board except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by that person:

Provided that where the conditions, which led the District Health Officer to pass such an order, are not attributable to any act or default of the persons in possession of the property, the board may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The board may recover all expenses incurred by the District Health officer in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

6. The Board shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done, or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the District Health Officer.

8. (1) If information has not already been given under regulation 7, the medical practitioner called in to attend upon any case of cholera shall forthwith give notice of the case by special messenger to the nearest Sanitary Inspector or rural medical officer and by post to the District Health Officer and the cost of such messenger in each case shall be defrayed by the board.

The District Health Officer or a Sanitary Inspector may order that any person, who has in his opinion been exposed to infection from cholera, shall take such drugs in such quantities as may be specified by the District Health Officer, or Sanitary Inspector or shall submit himself to anti-cholera inoculation within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 11 without the permission of the District Health Officer or a Sanitary Inspector.

14. The board shall provide free of charge suitable places, with necessary attendance, medicine, diet and other necessaries for persons isolated under regulation 11: provided that a private individual may provide places certified by the District Health Officer as being fit for the purpose of such isolation.

15. (2) The District Health Officer or a Sanitary Inspector may require such owner or occupier to keep closed during such a period as shall be specified in the order any well, tank, pool or other sources of water-supply closed under paragraph (1) of this regulation.

Subject to the said adjustments, the liability in respect of pensions of officers serving in connection with the affairs of an existing State who retire or proceed on leave preparatory to retirement before the appointed day, but whose claims for pensions are outstanding immediately before that day, shall be the liability of the successor State, or, if there be two or more successor States, of such one of them as the Central Government may by order specify.

STATEMENT OF OBJECTS AND REASONS

The States of India, as they exist today have been formed largely as a result of historical accidents and circumstances, and there has, therefore, been a demand for the reorganisation of the component units of the Indian Union on a more rational basis, after taking into account not only the growing importance of the regional languages, but also financial, economic, and administrative considerations. The States Reorganisation Commission was accordingly constituted in December, 1953, to investigate the conditions of this problem, the historical background, the existing situation, and all other relevant factors, and to recommend the principles which could be considered appropriate as well as the broad lines on which particular States should be reorganized. The Commission reported on September 30, 1955. The proposals contained in the report and the matters connected therewith have received attention all over the country and have been discussed in Parliament and State legislatures. This Bill seeks to give effect to the scheme of reorganisation which has emerged as a result of these discussions.

The main features of the reorganisation proposed are the abolition of the existing constitutional distinction between Part A, Part B and Part C States, the establishment of two categories for the component units of the Union, to be called States and Union territories, and the abolition of the institution of the Rajpramukh consequent on the disappearance of the Part B States. In this Bill, it is proposed to provide for the transfer of the Telangana area of Hyderabad to Andhra and the renaming of the enlarged State, the transfer of certain areas from Travancore-Cochin to Madras, the forming of the new States of Kerala, Mysore, Maharashtra and Gujarat, the merger of Madhya Bharat, Vindhya Pradesh and Bhopal with the Mahakosal area of Madhya Pradesh, the merger of Ajmer with Rajasthan and the merger of the Patiala and East Punjab States Union with Punjab. Bombay, Delhi, Himachal Pradesh, Manipur, Tripura, and the Andaman and Nicobar Islands will become Union territories. The Laccadive, Minicoy and Amindivi islands will also be treated as a Union territory. In view of the proposal for the amalgamation of Bihar and West Bengal which is under consideration, no provision has been made in this Bill for any territorial adjustments between these two States.

The Bill makes the necessary supplemental and incidental provisions relating to representation in Parliament and in the State legislatures, establishment of High Courts, apportionment of assets and liabilities and other matters. It also makes provision for the setting up of five Zonal Councils which will be advisory bodies, competent to discuss matters of common interest, particularly in the field of economic and social planning.

As required by the proviso to article 3 of the Constitution, this Bill was referred by the President on the 16th March, 1956, to the legislatures of the 12 Part A and Part B States affected by the scheme of reorganisation, and they were given one month's time for expressing their views. Except in the case of Travancore-Cochin, whose Legislative Assembly has since been dissolved by proclamation of the President, the views of the legislatures of all the other States have been received and will be placed before Parliament for its consideration.

NEW DELHI;
The 14th April, 1956.

Notes on clauses

Clause 2, *Sub-clause* (*i*).—The "new" States are Kerala, Mysore, Maharashtra, Gujarat, Madhya Pradesh, Rajasthan and Punjab formed, respectively, under clauses 5, 7 and 9 to 13 of this Bill in pursuance of clause (a) of article 3 of the Constitution.

Sub-clause (*k*).—The expression "population ratio" is used only in relation to an existing State which has two or more successor States as defined in sub-clause (*o*). Thus, the existing State of Hyderabad will have three successor States, namely, the States of Andhra-Telangana, Maharashtra and Mysore. In relation to that existing State, the population ratio will be the ratio in which the census population of that State is distributed territorially among those three successor States, or to express it in symbols, it will be A:B:C, where A is the census population of the territory transferred from Hyderabad to Andhra-Telangana under clause 3, B is the census population of the territory transferred from Hyderabad to Maharashtra under clause 9(1)(b) and C is the census population of the territory transferred from Hyderabad to Mysore under clause 7(1)(c). The definition requires the Central Government to ascertain, in due course, the population ratio in all relevant cases and notify them in the Official Gazette.

Sub-clause (*m*).—The expression "principal successor State" is relevant only when there are two or more successor States to an existing State. These are named in the sub-clause.

Clauses 3 *to* 14.—The territorial changes proposed in this Part fall into three groups. First, there are the transfers of territories from Hyderabad to Andhra-Telangana under clause 3 and from Travancore-Cochin to Madras under clause 4. Secondly, there is the formation of seven "new" States. Thirdly, two centrally administered areas, namely, Bombay and the Laccadive, Minicoy and Amindivi islands, are formed under clauses 8 and 6, respectively. All these changes are to take place as from the appointed day.

In sub-clause (2) of each of the clauses 3, 5, 7, 9, 10, 11 and 12 and in clause 4, provision is made for constituting certain transferred territories either as separate districts or as parts of other specified districts in the States to which they will stand transferred on the appointed day. This is in order to facilitate the making of suitable administrative arrangements on and from that day without a break. Clause 14 expressly saves the power of the State Government to alter thereafter the name, extent and boundaries of any district or other territorial division in the State.

The provisions of Part II of this Bill have to be read with the provisions of clause 2 of the Constitution (Ninth Amendment) Bill, 1956 in which article 1 of the Constitution is proposed to be amended and the First Schedule to the Constitution is proposed to be completely revised.

Clauses 15 *to* 21.—In clause 15, it is proposed to divide the States and Union territories, as reorganised (excluding the Andaman and Nicobar islands and the Laccadive, Minicoy and Amindivi islands), into five zones and to establish a permanent zonal council for each of them. Clause 16 provides for the composition of the zonal councils and clauses 17 and 18 provide broadly for their procedure. Each council will have a permanent secretariat located at such place within the zone as the council may determine. The functions of a council are indicated in clause 21.

Clauses 22 *to* 24.—In clause 3(2) of the Constitution (Ninth Amendment) Bill, 1956, it is proposed to revise the Fourth Schedule to the Constitution alloting to each State or Union territory a certain number of seats

in the Council of States. In view of this revision of all allocation of seats, it becomes necessary to make detailed provision for the allocation of sitting members in the Council of States to the several States and Union territories after reorganisation, and this is done in clause 22. In all cases where a selection of individual sitting members becomes necessary, the Chairman of the Council of States is empowered by this clause to make the selection. Because of the increase in the total number of seats in the Council of States, a few bye-elections will be necessary to fill the vacancies. Clause 23 provides for the holding of these bye-elections in due course.

Clause 25.—As a result of the territorial changes, the constituencies of some of the sitting members in the House of the People will be transferred to another State and those of some others will be spread over two States. Provision is made in clause 25 that this shall not be deemed to affect the constitution or duration of the existing House of the People or the extent of the constituency of any sitting member of that House.

Clause 26.—This clause provides for the setting up of an interim Legislative Assembly for each of the new States and for the necessary changes in the composition of the Legislative Assemblies of Andhra and Madras which are territorially affected by the provisions of Part II. Broadly speaking, all sitting members of the existing Legislative Assemblies, including those of the Part C States of Ajmer, Bhopal, Coorg and Vindhya Pradesh, will become members of the Legislative Assemblies of the States to which the territory comprised in their present constituencies is transferred either wholly or in major part. Since Kutch does not have a Legislative Assembly at present, a special provision is proposed in sub-clause (3) of this clause to the effect that the electoral college constituted for that State by direct election should choose five persons from among themselves to be members of the interim Legislative Assembly of Gujarat.

Clauses 27 *and* 28.—Clause 28 fixes the duration of the provisional Assemblies of the new States and of the continuing Assemblies of Andhra and Madras. It will be recalled that the existing Assemblies of Travancore-Cochin, PEPSU and Andhra have been recently elected and, in their case, the normal period of five years began on 21-3-54, 26-3-54 and 21-4-55, respectively. In the provisional Assembly of the new State of Kerala, there will be considerable disparity between the representation of the Travancore-Cochin population and that of the Malabar population. Similarly, in the provisional Assembly of the new State of Punjab, the PEPSU region will be over-represented as compared to the present Punjab region. It will, therefore, be inappropriate to continue the provisional Assemblies of these two new States for the full duration of the existing Assemblies of Travancore-Cochin and PEPSU, respectively, and it is proposed to equate their duration to that of the existing Assemblies of Madras and Punjab, respectively. The position will be different in Andhra-Telangana. The representation of the Telangana area in the enlarged Legislative Assembly of Andhra will be on the same population basis—roughly one representative for one lakh—as the representation of the present Andhra area. The number of sitting members of the Hyderabad Assembly who will become members of the Andhra Assembly on the appointed day will be only a little more than half the number of members of the existing Andhra Assembly. Taking all these factors into consideration, it is proposed in cause 28(2) that the change in the composition of the Legislative Assembly of Andhra shall not affect its normal duration of five years from 21-4-55, but a special provision is made in clause 27 for holding a semi-general election in the Telangana area simultaneously with the next general election to the House of the People in that area.

Clause 29.—This provides for the continuance in office of Speakers and Deputy Speakers of Legislative Assemblies as far as possible, in order to avoid the necessity of holding elections under article 178 immediately after the appointed day and to facilitate the conduct of business in the re-constituted Assemblies.

Clause 31.—It is proposed that the new State of Madhya Pradesh which, besides being the largest in area, will be formed by the merger of four existing States should have a bi-cameral legislature as soon as practicable. Provision is accordingly made in this clause for the establishment of a Legislative Council in this State with effect from such date as the President may appoint. This will be shortly after the general election of the Legislative Assembly of the State has been completed and the members of that Assembly have in their turn elected the requisite number of persons to be members of the Legislative Council.

Clause 32.—A few minor modifications in the constitution of the Legislative Council of Madras are proposed in this clause, mainly on account of the territorial changes in that State and incidentally also in order to bring it into conformity with clause (3) of article 170 of the Constitution.

Clauses 33 *and* 34.—It is proposed that the new State of Mysore should have a Legislative Council from the beginning. Its proper constitution in accordance with article 170(3) can be completed only after the general election has been held in the State. Provision is accordingly made in sub-clause (2) for an interim Legislative Council consisting of all the sitting members of the existing Legislative Council and 29 other members to represent the territories which will be added to Mysore. These latter members will be chosen before the appointed day in such manner as may be prescribed. Sub-clauses (3) and (4) provide for the reconstitution of the Council so as to consist of sixty members. Similar provisions are made in clause 34 in regard to the Legislative Council of Punjab the position of which is similar to that of Mysore.

Clause 37.—The Commission set up by the Delimitation Commission Act, 1952, finished its task a few months ago after delimiting parliamentary and assembly constituencies in all the existing States. In view of the territorial changes proposed in Part II of this Bill, the allocation of seats made by that Commission has to be revised. Instead of leaving this revision to be done by the new Delimitation Commission, it is proposed in clause 37 and the Third Schedule to fix the number of seats in the House of the People to be allotted to each of the reorganised States and Union territories and the total number of seats to be assigned to the Legislative Assembly of each State. The numbers already allotted or assigned by the former Commission in the case of those existing States which are unaffected by the provisions of Part II (Assam, Bihar, Orissa, Uttar Pradesh and West Bengal) are retained in the Schedule without any change, and only the numbers in regard to the other States have been altered. The quota for each State in the House of the People has been arrived at by dividing the population of the State by the same general average as was adopted by the former Delimitation Commission (*i.e.*, 732, 983) and by rounding off to the nearest integer. For assigning the total number of seats in the various Legislative Assemblies, such multiple has been adopted as will preserve the delimitation work already done to the greatest extent.

Clauses 38 *and* 39.—It will not be practicable to fix in the Bill itself the numbers of seats to be reserved for the Scheduled Castes and Scheduled Tribes of each State and Union territory in the House of the People and in the State Legislative Assembly. This task has to be done by the Delimitation Commission, but before it can do so, the existing Scheduled Castes and Scheduled Tribes Orders made by the President under articles 341 and

342 and proposed to be amended by a separate Bill will have to be adapted and modified with reference to the reorganisation of States. Clause 38 proposes to vest this power of adaptation in the President. Provision is made in clause 39 empowering the census authority to ascertain or estimate the population of the Scheduled Castes and of the Scheduled Tribes in each State and in each Union territory, in such manner as may be prescribed and to notify those population figures in the *Gazette of India*. After these two essential steps have been taken, the Delimitation Commission will arrive at the number of seats to be reserved for the Scheduled Castes and Scheduled Tribes of each State in the House of the People and in the State Legislative Assembly.

Clause 40.—This clause provides for the constitution, as soon as this Bill is enacted, of a new Delimitation Commission on the same lines as the former Commission.

Clause 41.—This indicates the duties of the Commission.

Clauses 42, 43 *and* 44.—Since the re-delimitation of constituencies has to be finished within a period of four or five months at the most from the date of passing of this Bill, the procedure prescribed for the Commission in these clauses in much shorter than that laid down for the former Commission in the Act of 1952. Clause 42 requires the appointment of associate members only in regard to the seven "new" States, and the number of such members for each State is reduced to five. Since in Andhra-Telangana and Madras, only some slight readjustment of a few constituencies will be necessary, no provision is made for associate members in either of these two States. It is proposed that the associate members of the new Commission should as far as possible be selected from those who were associate members of the former Delimitation Commission. Clause 44 dispenses with the previous publication of the Commission's proposals and public sittings which were laid down in the former Act.

Clauses 45 *and* 46.—There are at present 18 High Courts, one for each Part A State and Part B State, and 7 Judicial Commissioner's Courts, one for each Part C State other than Coorg and Delhi. The reduction in the number of States necessarily involves the abolition of some of these High Courts and Judicial Commissioner's Courts and this is provided in clause 46 of the Bill. In clause 45, it is proposed that the High Court at Bombay shall continue to be the High Court for Gujarat, Maharastra and the Union territory of Bombay and that the High Courts now exercising jurisdiction in relation to the existing States of Madhya Pradesh, Mysore, Punjab, Rajasthan and Travancore-Cochin shall become the High Courts for the corresponding new States. After this reorganisation there will be 14 High Courts and 3 Judicial Commissioner's Courts in India.

Clauses 47 *to* 65.—The detailed provisions contained in these clauses follow in the main the provisions made in the Andhra State Act, 1953, for setting up the new High Court of Andhra. Clauses 47 to 52 contain general provisions as regards the jurisdiction and powers of the High Courts for the new States. Clause 53 provides that the High Court for a new State shall sit at such place or places as the Chief Justice may, with the approval of the Governor, appoint. The existing laws relating to appeals to the Supreme Court from the various High Courts are continued in force by clause 54. Clauses 55 to 62 provide for the transfer of proceedings from one High Court to another on the appointed day as a result of the reorganisation of the States and High Courts. Provision is made in clause 63 for enabling advocates and attorneys already engaged in those proceedings to appear and to act in the other High Court in relation to those proceedings.

Clauses 66 *and* 67.—In order that the administration of a new State may be carried on until the State Legislature has sanctioned expenditure from

the Consolidated Fund of that State and passed the necessary Appropriation Act, provision is made in clause 66 for the Governor or Rajpramukh of the corresponding State to authorise at any time before the appointed day such expenditure for a period of three months from the appointed day. In the case of Andhra and Madras each of which will be getting new territory on that day, doubts may arise whether the State Appropriation Acts for the year 1956-57 authorise the spending of any amount in or for the transfered territory. Clause 67 is intended to remove any such doubts.

Clause 68.—Under article 151(2) of the Constitution, the reports of the Comptroller and Auditor-General relating to the accounts of a State have to be submitted to the Governor or Rajpramukh and then laid before the Legislature of the State. Where the territory of an existing State is distributed between two or more successor States, special provision will be necessary to determine to which one or more of such States the audit reports should be presented. Clause 68 enables the President to decide this question and also to take such further action as may be appropriate in the circumstances.

Clause 69.—This clause enables the President to determine by order the allowances and privileges of the Governors of all the new States until provision is made by Parliament under article 158(3).

Clause 70 *and the Fourth Schedule.*—The distribution among the States of a portion of the proceeds of certain Central excise duties in accordance with the recommendations of the Finance Commission is now regulated by the Union Duties of Excise (Distribution) Act, 1953, while the distribution of the divisible pool of income-tax is regulated by the Constitution (Distribution of Revenues) Order, 1953. Necessary adaptations in section 3 of the Act and paragraphs 3 and 5 of the Order are proposed in the Fourth Schedule to the Bill. Part B States at present are entitled either to payments under the said Act and Order or to the revenue gap grants payable under the federal financial integration agreements, whichever is more. In order to maintain this scheme for both halves of the financial year 1956-57 despite the abolition of the Part B States as such, provision is made in sub-paragraph (2) of the revised paragraph 5 of the Order. The additional percentages mentioned against certain States in section 3(2) of the Act and paragraph 3(3) of the Order as set out in the Fourth Schedule represent the shares to which each of the States of Gujarat, Kerala, Madras and Mysore would be entitled on account of the Part B State territories absorbed by them. The provision made in the Fourth Schedule to the Bill will be applicable only for the financial year 1956-57. The distribution of revenues among the States for subsequent years will be determined by the Finance Commission which has been recently appointed.

Clauses 71 *to* 88.—These clauses relate to the apportionment of the assets and liabilities of those Part A and Part B States which are affected by the provisions of Part II and follow generally the corresponding provisions of the Andhra State Act, 1953. Thus, certain assets like lands and buildings, stores, articles and other goods, arrears of taxes and the assets of State undertakings, will pass to the successor State in which such assets are physically located or with which they are territorially connected—*see* clauses 72, 74 and 77. Certain other assets like treasury and bank balances, the right to recover external loans and advances and credits in certain funds are to be divided between the successor States, where there is more than one, according to the "population ratio"—*see* clauses 73, 75 and 76.

Provision is made in clause 78 for the apportionment of the public debts of the States affected by the provisions of Part II. The provision is generally the same as that made in the Andhra State Act for the division of the public debt of Madras between Madras, Mysore and Andhra. In the case of the public debts of Bombay and Hyderabad, however, it is proposed in

sub-clause (1) that they shall stand transferred to the Central Government on the 30th September, 1956, and that the Central Government shall be deemed to have made a loan to each of these States of an amount equal to the public debt so transferred. The object is to ensure that Andhra and Maharashtra as the principal successor States of Hyderabad and Bombay, respectively, may not be saddled with an exaggerated public debt, which may affect their future borrowings. In all other cases, the debt outstanding with the public and payable by an existing State will be allocated to a specific successor State, the other successor States, if any, reimbursing the one which carries the liability. These reimbursements will be in proportion to the total expenditure on all capital works and other capital outlays incurred up to the appointed day in the territories of the existing State included, respectively, in each of the successors States.

Rights and liabilities under subsisting contracts and outstanding liabilities in respect of actionable wrongs are matters of immediate concern to the public. Since it is desirable that the private party should know with which successor State he would have to deal after the reorganisation, general provisions are made in clauses 82 and 83 for this purpose. Where there is more than one successor State to an existing State and the rights or liabilities in respect of a contract or actionable wrong cannot be logically allocated to a particular successor State, it is allocated to the principal successor State subject to subsequent financial adjustment between that State and the other successor States which may be concerned in the matter.

The division of assets and liabilities is bound to be a complicated matter and it may well be anticipated that the general provisions made in this part will not cover all possible cases fully and satisfactorily. Clause 87 accordingly vests the Central Government with power to make such adjustments as may be found just or equitable. It is proposed that this power should be exercisable by the Central Government only on a reference being made by the aggrieved State within a period of three years from the appointed day and only after consultation with all the State Governments concerned.

Clauses 89 *to* 96.—These clauses deal with the assets of the Union within any of the five Part C States which are proposed to be merged in the new States and the liabilities of the Union arising out of or in relation to the governance of those Part C States. A general provision is made in clause 90 that all these assets and liabilities shall pass to the absorbing States unless they are relatable to purposes of Government connected with any matter mentioned in the Union List. The particular provisions mentioned in clauses 91 to 96 follow the pattern of Part VII, but are naturally much simpler. Clause 93 refers to the loans given by the Central Government to any of these Part C States since the 1st April, 1954 for developmental purposes and transfers the liability for those debts to the absorbing States.

Clauses 97 *and* 98.—There are at present ten corporations established under the State Financial Corporations Act, 1951 besides an Industrial Invesment Corporation constituted some years ago for the State of Madras. The territorial changes made by Part II will affect the financial corporations of Bombay, Hyderabad, Saurashtra and Travancore-Cochin and the Madras Industrial Investment Corporation. Special provisions in regard to these corporations are accordingly proposed in clauses 97 and 98. The four financial corporations will, from the appointed day, be deemed to be the financial corporations constituted under the Act of 1951 for the States of Maharashtra, Andhra-Telengana, Gujarat and Kerala, respectively. The State which takes over the corporation is made liable to pay to each of the other successor States (and in the case of Bombay, also to Central Government) on account of its share of the paid-up capital of the corporation, such amount as the Central Government may determine. The Madras Industrial

Investment Corporation will be deemed to have been constituted for the State of Madras with its area as altered by the provisions of Part II, and that State will be liable to pay to each of the new States of Kerala and Mysore on account of its share of the paid-up capital such amount as the Central Government may determine.

Clause 99.—Sections 21 and 21-A of the Reserve Bank of India Act, 1934, make somewhat different provisions in regard to Part A States and Part B States. While under section 21, Part A States have to entrust their banking business and the management of their public debt to the Reserve Bank, section 21-A leaves Part B States to come to an agreement with the Bank in regard to both these matters. This difference which is mainly due to historical reasons is, strictly speaking, not justifiable under the Constitution. Agreements under section 21 exist between the Bank and all the Part A States, but no agreements have so far been made under section 21-A between the Bank and the Part B States of Rajasthan and Patiala and East Punjab States Union. It is accordingly proposed in clause 99 to modify sections 20, 21 and 21-A so as to bring them into conformity with the Constitution and add a new section 21-B preserving all the existing arrangements. Some modifications of a more or less formal character will be necessary in these agreements in view of the changed circumstances. It is proposed in the new section 21-B that these modifications will be made by order of the Central Government if there is no agreement between the Bank and the State concerned.

Clause 100.—This clause makes transitional provision for the functioning of the State Electricity Boards now existing in the States of Bombay, Madhya Pradesh and Saurashtra. It enables these Boards to continue to function in the same areas as at present, even after the formation of the new States of Maharashtra, Gujarat and Madhya Pradesh, for a period of one year. As and when these new States set up Electricity Boards under the Electricity (Supply) Act, 1948, the existing Boards will be able to transfer their assets and liabilities to the corresponding new Boards and wind up their affairs in the regions which will pass to the jurisdiction of the latter Boards. Provisions is also made for the contingency of a new State not setting up an Electricity Board by the 1st October, 1957, in which case the State itself will take over its due share of the assets and liabilities of the existing Board on its dissolution.

Clauses 101 *to* 104.—Clauses 101 and 102 provide for the continuance of inter-State agreements and agreements in regard to the generation and supply of electric power, the supply of water and the execution of projects for the promotion of irrigation, water supply or drainage, the development of electric power, etc. The object of clauses 103 and 104 is similarly to continue the operation of the Bombay Road Transport Corporation for a period of one year from the appointed day and to continue without serious disturbance the existing inter-State arrangements in regard to road transport permits for motor vehicles.

Clause 105 *and the Sixth Schedule.*—Provision is made in this clause for the continuance of facilities in certain classes of State institutions, such as engineering colleges, medical colleges, Government hospitals, research institutes and central jails, which are now enjoyed by all areas within the existing State. In order that the transfer of territory from one State to another might not be allowed to cause serious dislocation, the Central Government is empowered to issue directions to the State Governments concerned for the continuance of such facilities. Agreements will no doubt be reached between the State Governments as to the term and conditions on which facilities in institutons located in transferred territories will be continued for the Government and the people of the adjoining States.

Clause 106.—This clause provides for the reconstitution of all the State cadres of the I.A.S. and I.P.S. which are affected by States reorganisation. It is proposed in sub-clause (4) that the cadres for all Part B States, Bombay, Madhya Pradesh, Punjab and Vindhya Pradesh should be wound up and the members borne on those cadres should be allocated to the State cadres for the new States or for other existing States by order of the Central Government.

Clause 107.—This contains the transitory provision relating to all other State services. Broadly speaking, the scheme is that all persons serving in in those Part B and Part C States which are to be completely merged in a new State will be deemed to have been allotted to that new State. Those serving in any other existing State which is affected by the reorganisation will provisionally continue to serve in the principal successor State, unless they are required by general or special order of the Central Government to serve provisionally in any other successor State. As soon as practicable after the appointed day, the Central Government will decide upon the final allocation of all these officers to particular States. Sub-clause (5) of clause 107 empowers the Central Government to set up one or more advisory committees for the purposes of assisting it in regard to the determination of the final allotment of Government servants, the proper integration of the services and the ensuring of fair and equitable treatment to all persons affected by the territorial changes and formation of new States.

Clause 108.—This clause provides for the continuance of officers in the same or corresponding posts on or after the appointed day except where under the provisions of the Bill or any other law the posts cease to exist on that day, subject to the right of the competent authority, after the appointed day, to pass in relation to such officers any order affecting their continuance in such posts.

Clause 109.—This empowers the Central Government to issue directions either before or after the appointed day to any State for the purpose of giving effect to the provisions of clauses 106 to 108.

Clause 110.—This clause provides for the establishment of Public Service Commissions in all the new States and for the re-allocation, where necessary, of the chairmen and members of all the Commissions now functioning.

Clauses 111 *to* 116.—These clauses contain the usual and well understood provisions of a legal nature. Clause 111 makes it clear that the territorial extent of existing laws and territorial references in those laws will not be automatically altered by reason of anything contained in Part II of this Bill. Power to adapt laws is conferred by clause 112 on the Central and State Governments to be exercised within a period of one year from the appointed day.

Clause 117.—This is necessitated by the fact that when the five Part C States are merged in new States, the ancient and historical monuments which have been declared to be protected monuments and the archaeological sites and remains which have been declared to be protected areas, will not have the status of monuments, sites and remains of national importance, although for all practical purposes they are, and deserve to be, treated as such by the Central Government. In order that these monuments, sites and remains may continue to be a Union responsibility, it is proposed to make the requisite declaration in terms of entry 67 of the Union List and make the consequential amendments in the Ancient and Historical Monuments and Archaeological Sites and Remains (Declaration of National Importance) Act, 1951.

Clause 121.—This provides for the repeal of the Government of Part C States Act, 1951 consequent on the abolition of that category of States. It is made clear in sub-clause (2) that the repeal of that Act will not affect the continuance in force of the laws made by the Legislatures established under that Act.

FINANCIAL MEMORANDUM

The Bill contemplates that five Zonal Councils will be established. The administrative expenses including the salaries and allowances payable to or in respect of the members of the secretarial staff of each Council (other than the Secretary) will be borne by the Central Government out of monies provided by Parliament for the purpose, *vide* clause 20(2). It is anticipated that the annual recurring expendture incurred on account of each Zonal Council may be of the order of Rs. 90,000 to Rs. 1,00,000 so that the total expenditure on account of all the five Zonal Councils may be estimated at between Rs. 4,50,000 and Rs. 5,00,000.

2. In addition to this annual recurring expenditure, some initial non-recurring expenditure may have to be incurred in the first year which may be of the order of Rs. 17,500.

3. The estimates of both recurring and non-recurring expenditure at this stage are to be regarded as very rough.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 120 of the Bill empowers the Central Government to make rules to give effect to the provisions of the Bill when enacted. This power will be required mainly with reference to clauses 26(3), 33(2) (b) and 34(2) (b) for prescribing the manner in which the elections referred in these clauses are to be held and with reference to clause 39(1) for prescribing the manner in which the census authority is to determine the population of the scheduled castes and scheduled tribes in the reorganised States and Union territories.

Clause 112 empowers the Central Government as well as the State Governments to adapt existing laws in order to facilitate their application to the States and Union territories after reorganisation. This power is to be available until the expiration of one year from the appointed day.

The proposed delegation of legislative power is of a normal character.

NOTIFICATION.

No. 929/1S-123/55.—31st January 1956.—It is hereby notified for general information that the Governor has been pleased to make the following rules to regulate the grant of loans to certain institutions under the Low-Income Group Housing Scheme, namely,—

Rules.

1. In these rules "Institution" means a non-governmental but recognised health institution or hospital or educational trust or other charitable institution, which are statutory or local bodies corporate or registered under the Registration of Societies Act (Act XXI of 1860).

2. An institution having the necessary developed land for building houses is eligible to apply for a loan under the Low-Income Group Housing Scheme for the purpose of constructing residential houses for letting them out to their employees who do not own a house and whose income does not exceed Rs. 6,000 per annum in each case:

Provided that the institution may also, with the previous approval of Government, sell a house, constructed under this Scheme, outright or on a hire-purchase basis to an employee of the category mentioned above:

Provided further that such house may also be let out or sold in the aforesaid manner to an employee already owning a house whose income does not exceed Rs. 6,000 per annum, if an additional house is required for his *bona fide* residential purpose.

3. Applications for loans under this scheme should be addressed to the Administrative Officer, Housing, Development Department, Calcutta, the applications from the institutions outside Calcutta being submitted through the District Officer of the district concerned. The applications should state the amount of loan required and the number of years not exceeding twenty-five, during which the loan will be repaid.

4. All applications for the grant of loan under the scheme should reach the Development Department or the District Officer concerned on or before a date to be specified by the Development Commissioner for each year.

5. (a) The institution applying for loan shall have to submit the following documents along with its application:—

(i) a site plan, a building plan and a detailed estimate of cost of the proposed building, in duplicate, duly approved by the municipality, if the land is situated within the jurisdiction of a municipality, provided that if the approval of the municipality is not received in time, the building plans may be submitted without waiting for the receipt of the approved plans, and the approved plans may be submitted when called for by the Administrative Officer, Housing, Development Department, Calcutta or the District Officer of the district concerned, as the case may be;

(ii) copies of documents showing the institution's title to the land on which it is proposed to build the house;

(iii) a declaration from a responsible officer of the institution that the said land is free from encumbrances, attachments, liens, lispendens and is not subject to any right of maintenance and is not Debutter, Pirotter or Wakf.

(b) Applications which may be admitted after a preliminary examination will be finally sanctioned on the production of—

(i) the original documents referred to in sub-rule (a) (ii);

(ii) a certificate of searches for 12 years in the Registration offices to show that the properties are free from encumbrances and attachments; and

(iii) a mortgage bond as in Appendix I to be executed under rule 9.

6. A house for the construction of which a loan is wanted should at least be a two-roomed one and should provide not less than 380 square feet and normally not more than 1,200 square feet of floor area per unit of accommodation.

7. (1) The loan is limited to 80 per cent. of the actual estimated cost of each house or unit of accommodation, inclusive of the cost of land on which the house is proposed to be constructed, subject to a maximum of Rs. 2,800 per house or such unit, the balance being payable by the institution concerned.

(2) Government will have the right not to grant any loan or to grant a reduced amount of loan on any application without showing any reason.

(3) Government will also have the right not to grant the second or third instalments of the loan as provided for in rule 8 if they find on inspection that the construction is not proceeding according to plan and that approved building materials are not being used.

8. The loan will be disbursed by the Accountant-General, West Bengal, in Calcutta and by the District Officers in districts in three instalments. The first instalment representing 20 per cent. of the sanctioned loan will be advanced on the application being granted by Government. The second instalment representing 30 per cent. of the total loan will be disbursed when the construction has reached the plinth level and the third or last instalment representing 50 per cent. of the total loan will be disbursed when the construction has reached the roof level upon the applicant institution satisfying the Administrative Officer, Housing, Development Department, Calcutta or the District Officer of the district concerned, as the case may be, that the amounts previously advanced have been duly and properly spent for the purpose for which the same had been advanced.

9. The institution will have to execute a Mortgage deed in favour of the Governor in the form of Appendix I mortgaging the premises together with the buildings and structures to be constructed thereon, before the first instalment of the loan is disbursed.

10. The loan will be advanced for a period of twenty-five years or for shorter periods as desired by the institution and the same will be recovered in equal annual instalments commencing from a date to be fixed by Government immediately after the expiry of one year from the date of payment of the last instalment of the loan.

11. Each instalment of the loan will carry interest from the date on which it is advanced at the following rates:—

Loan repayable within 20 years	...	6 per cent. per annum
Loan repayable between 21 and 25 years	...	6¼ per cent. per annum

A rebate of 1 per cent. will be allowed to those institutions which make payment of the annual instalment together with the interest on the outstanding principal within the date to be fixed by Government under rule 10. Interest on the outstanding principal is payable along with the instalment of the loan.

Nothing will prevent an institution to repay the loan earlier than the elected period but no change of the rate of interest will be allowed.

12. The borrower institutions are bound to allow any officer of Government authorised in this behalf to check the construction on the spot at any reasonable time and to complete the construction within four months from the date of payment of the last instalment of the loan.

H. BANERJEE,

Development Commissioner and
ex officio Secy. to the
Govt. of West Bengal.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by (1) Shri Paresh Chandra Barui, (2) Shri Makhan Lal Sen, (3) Shri Nikunja Das, (4) Shri Sashadhar Shi, (5) Mahadeb, (6) Shri Narayan Chandra Jana, (7) Shri Biswanath Adhikari and (8) Santosh, employees of Ganges Valley Bone Mill against the aforesaid Bone Mill (Case No. 432/55, under section 33A).

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

Appearances:

For the employees: Shri Patit Paban Pathak.

For the Company: Shri N. M. Das Gupta, Advocate.

The original reference, out of which this complaint under section 33A of the Industrial Disputes Act, 1947, has arisen, was made under Government order No. 4013Dis./D/11L-90/55, dated 30th August 1955.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act filed by Shri Paresh Chandra Barui and 7 others. Their case is that during the pendency of the original reference, the Opposite Party, Ganges Valley Bone Mill, laid them off without permission of the Tribunal, and as such section 33 of the Act has been contravened.

The Opposite Party denied having contravened the provisions of section 33 of the Act. It wanted to say that lay-off was a condition of service with the employees including the petitioners.

It is not necessary for me to enter into the merits of the case, as the parties have filed a joint petition of compromise before the Tribunal stating that the lay-off has since been withdrawn by the Opposite Party and that the petitioners have no claim whatsoever regarding compensation against the Opposite Party. Accordingly, the parties have prayed that a "no dispute" award be passed in this case. Perused the said joint petition of compromise, and heard the learned lawyer for the Company and also some of the petitioners. The terms as contained in the joint petition of compromise are given effect to.

Accordingly, a "no dispute" award is made in this case. The joint petition of compromise filed by the parties do form part of the award as Annexure "A".

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

Appearances:

For the employee: Shri Patit Paban Pathak.

For the Company: Shri N. M. Das Gupta, Advocate.

The original reference, out of which this complaint under section 33A of the Industrial Disputes Act, 1947, has arisen, was made to this Tribunal under Government order No. 4013Dis./D/111-90/55, dated 30th August, 1955.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act filed by Shri Anil Kumar Chatterjee, a workman of Ganges Valley Bone Mill. His case is that during the pendency of the original reference, the Opposite Party, Ganges Valley Bone Mill, dismissed him on 6th June 1955, on a false and baseless charge, without the permission of the Tribunal, and as such section 33 of the Act has been contravened.

The application was contested by the Ganges Valley Bone Mill, the Opposite Party. It is urged on its behalf that the application is not maintainable in law. The Opposite Party further wanted to say that the Management was quite justified in dismissing the petitioner.

An objection has been taken on behalf of the Opposite Party that the present application under section 33A is not competent on the ground that this very question was the subject matter of another complaint under section 33A, which the petitioner himself did not like to pursue ultimately, as a result of which a "no dispute" award was made in the case. Accordingly, the Opposite Party has contended that the petitioner cannot raise fresh dispute in respect of the matter, which ended in a "no dispute" award.

In order to appreciate the contention of the Opposite Party on this point, I called for the file of the case, in which this particular workman, Shri Anil Kumar Chatterjee, made the previous complaint under section 33A of the Act. It is case No. 340 of 1955 under section 33A. I have perused the said file, and it appears that this petitioner made similar complaint under section 33A in the aforesaid case, as has been done in the present case. The allegation in both the complaints is exactly the same. The previous complaint, as the record of the case goes to show, was allowed to be withdrawn, as the petitioner filed a petition stating that in pursuance of a talk he had with Mr. Pyane, Manager of the Company, he did not like to proceed with this complaint under section 33A of the Act. The Tribunal acting on this petition allowed the complaint to be withdrawn as prayed for, and gave an award accordingly on 6th February 1956. The petition filed by the petitioner was made part of the award as Annexure "A". The present complaint was filed only a few days after this. So, the question is whether the present complaint is maintainable on the same facts, in view of the withdrawl of the previous complaint, which culminated in an award by this Tribunal. I have given my careful and anxious

consideration to the matter, and I am of the view that the present complaint is not maintainable, in view of what happened as regards the previous complaint as stated above. I have already observed that the allegation as made in this complaint is the same, as was made in the previous one. There has been no further cause of action since the previous complaint was made by the present petitioner. The grievance of the petitioner in the previous complaint was that the Opposite Party dismissed him by a notice dated 6th June 1955 on false and baseless charges of gross insubordination, etc., during the pendency of the original reference, and without the permission of the Tribunal. Similar is the grievance of the petitioner in the present complaint. There is no addition of any new cause or grievance in the present complaint. If that be so, I wonder how the petitioner can reagitate the same matter, which was finally concluded between the parties by the order passed by this Tribunal on 6th February 1956 on the basis of an application made by this very petitioner to the effect that he did not like to proceed with the case. The Tribunal in pursuance of that application made an award. That award has the binding effect on the parties, and continues to be binding on the parties still. The matter involved in the present case, was the matter directly and substantially raised in the previous complaint. Admittedly, there has been no further cause of action. That being so, a party cannot be allowed to agitate again before a Tribunal the same cause, nor is it desirable that the Tribunal should be vexed twice over the same cause. If such a thing is allowed to go on, the work of the Tribunal would be stultified. The rule of finality should be observed in Industrial Courts in appropriate cases, otherwise the harmonious relations between capital and labour may be disturbed, and the defeated party may be encouraged to raise the same point over and over again in the hope of ultimate success. I am mindful of the fact that the rule of *res judicata*, as understood in Civil Law, does not strictly apply to industrial disputes, for in view of the provisions of section 18 of the Act, the rule of *res judicata* if applied to industrial disputes, would lead to stagnation and a feeling of frustration, and so would create more unrest in the industrial sphere. But the recognition of the doctrine of finality of a judgment between the same parties cannot be ruled out altogether, even when the matter involved is raised before an Industrial Court, if the matter directly and substantially raised and adjudicated upon in the previous proceedings be directly and substantially in issue in the subsequent proceedings. My view is that such a rule of finality should, therefore, apply to awards given in respect of industrial disputes, when the facts and circumstances existing at the time of the prior award continue to remain the same. Even if the provisions of section 11 of the Code of Civil Procedure cannot in terms apply to the industrial disputes, the principle embodied in that section is applicable to appropriate cases. If the matter has once been directly raised before an Industrial Tribunal and adjudicated upon fairly without fraud or collusion, the adjudication must be held to be binding on the parties, if the same question is directly and substantially raised in the subsequent proceedings. Even if it be conceded that ordinarily the principle of *res judicata* is not strictly applicable to industrial matters, still it will not be open to a workman to reagitate a matter, which has already been dealt with by the Industrial Tribunal previously in a proceeding, except when there is no material change in the circumstances or some other sufficient cause. Judged by this test, it can be safely said that such element is absent in the present complaint.

For the reasons stated above, the Tribunal finally holds that the present application under section 33A is not maintainable in law. In this view of the matter, the Tribunal refrains from entering into the merits of the case, which might be kept open.

The result, therefore, is that the present application under section 33A of the Act be rejected.

ORDER

No. 3135Dis./D/11L-59/56.—18th July 1956.—Whereas under the Government of West Bengal, Labour Department, order No. 2749Dis./D/11L-125/55, dated the 17th July 1955, the industrial dispute between Messrs. Bharat Glass Works, Ltd., Belghurria, 24-Parganas and their workmen represented by the Bharat Glass Workers' Union, 7 Dinanath Chatterjee Street, post office Belghurria, 24-Parganas, regarding the matters specified in the schedule thereto was referred for adjudication to the First Industrial Tribunal;

And whereas the said First Industrial Tribunal has submitted to the State Government its interim award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said interim award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Bharat Glass Works, Ltd., Belghurria, 24-Parganas, and their workmen represented by the Bharat Glass workers' Union, 7 Dinanath Chatterji Street, post office Belghurria, 24-Parganas, referred under C.O. No. 2749Dis./D/11L-125/-55, dated the 17th June 1955 (case No. VIII-195 of 1954).

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

For the Union: Shri Madan Saha, Advocate.

For the Company: Shri P. K. Sengupta, Advocate.

INTERIM AWARD.

The Government of West Bengal, in the Department of Labour, by order No. 2749Dis./D/11L-125/55, dated the 17th June 1955, referred the industrial disputes between Messrs. Bharat Glass Works, Ltd., Belghurria, 24-Parganas, and their workmen represented by Bharat Glass Workers' Union, 7 Dinanath Chatterji Street, post office Belghurria, 24-Parganas, regarding the matters described in a schedule to this Tribunal for adjudication.

Notices were issued on both parties, who filed written statements setting forth their respective cases.

On 19th June 1956 the Company filed an application and raised the preliminary objection that, inasmuch as, the Company carried on an industry in the manufacture or production of glass and ceramics, it was a controlled industry within the meaning of the term in the Industries (Development and Regulation) Act, 1951 (IXV of 1951) and that, therefore, the appropriate Government under sections 7 and 10 of the Industrial Disputes Act, 1947, was the Central Government (the Government of India) and not the State Government (the Government of West Bengal). It is, therefore, stated that (i) the Order of reference made by the Government of West Bengal is without authority and jurisdiction and is invalid and otherwise bad in law.

(ii) There is no proper, legal or valid reference to this Tribunal.

(iii) This Tribunal has no jurisdiction to take seisin of matters relating to a "scheduled and controlled" industry.

(iv) This Tribunal should desist or refrain from adjudication of the issues in the schedule mentioned in the order of reference.

The petitioner Company prays that before proceeding further into the adjudication of the case, a decision of the preliminary objections as mentioned above should be made. A copy of the petition was served on the Union and the Union opposed the application. The parties were heard at length on 19th June 1956 and 27th June 1956.

The learned Advocate for the Company pointed out that the present Company carried on an industry engaged in the manufacture or production of glass and ceramics and that such an industry was covered by item No. 37 of the first schedule of The Industries (Development and Regulation) Act of 1951. Clause (ee) of section 2 of the Industrial Disputes Act was inserted by section 32 of the Industries (Development and Regulation) Act of 1951. Under that clause "a controlled industry" means an industry the control of which by the Union has been declared by any Central Act to be expedient in the public interest. Section 2 of The Industries (Development and Regulation) Act of 1951 declares that it is expedient in the public interest that the Union should take under its control the industries specified in the First Schedule of the Act. The industry of the present Company is, therefore, a controlled industry within the meaning of the term in section 2(ee) of the Industrial Disputes Act. The learned Advocate, therefore, pressed that, inasmuch as, the industry of the Company was a controlled industry, it was the Central Government who had the power to control the industry in various matters as mentioned in the Industries (Development and Regulation) Act, 1951 (LXV of 1951) and the State Government did not possess the powers to interfere with this industry in any manner. It is urged that the "appropriate Government" in relation to an industrial dispute concerning this industry is, therefore, the Central Government and not the State Government. The learned Advocate referred to sections 25, 26, and 29B of the Act LXV of 1951 and pointed out that the Central Government had not delegated its powers regarding the control of any of the controlled industries mentioned in the First Schedule of the Act to the State Government, that the Central Government also did not give any direction to the State Government as to the carrying into execution in the State of any provisions of this Act or of

any order or any direction made thereunder or that the Central Government did not exempt the industry of the present company from the operation of all or any of the provisions of this Act or of any rule or order made thereunder and that, therefore, the State Government had no authority to refer an industrial dispute in relation to this industry to the Tribunal as it had done. Act LXV of 1951 lays down the mode in which the control of the scheduled industries is to be exercised by the Central Government. These are mentioned in Chapters II, III, IIIA, and IIIB and IV of the Act. Chapter II relates to the establishment of Central Advisory Council and Development Councils, principally to advise the Central Government on matters concerning the development and regulation of scheduled industries. Chapter III relates to regulation of scheduled industries, licensing of new industrial undertakings, etc. Chapter IIIA relates to the direct management or control of industrial undertakings by Central Government in certain cases. Chapter IIIB relates to the control of supply, distribution, price, etc., of certain articles. Chapter IV lays down some miscellaneous provisions regarding the powers of inspection of scheduled industries, etc., for any person authorised by the Central Government in this behalf and other provisions. Section 25 lays down that the Central Government may by a notified order direct that any power exercisable by it under this Act [other than the power given to it by section 16 and 18(a)], shall be exercisable by such officer or authority which will include in the said expression any Development Council, State Government or Officer or Authority subordinate to the Central Government as may be specified in the direction. Section 26 lays down that the Central Government may give directions to any State Government as to the carrying into execution in the State of any of the provisions of this Act or of any order or direction made thereunder. Section 29B lays down that if the Central Government is of opinion having regard to the smallness of the number of workers employed or to the amount invested in any industrial undertaking or to the desirability of encouraging small undertaking generally or to the stage of development of any scheduled industry that it would not be in the public interest to apply all or any of the provisions of this Act thereto, it may by notification in the official Gazette exempt, subject to such conditions as it may think fit to impose, any industrial undertaking or any class of industrial undertaking or class of scheduled industries as may be specified from the operation of all or any of the provisions of this Act or of any rule or order made thereunder. It is, therefore, clear that the delegation of power laid down in section 25 or the power to issue directions as mentioned in section 26 or the power to exempt in special cases some scheduled industries all relate to powers exercisable by the Central Government under this Act in regard to the controlled industries. There is nothing in this Act and in the definition of the great variety of powers mentioned in various section of the Act to show that the Central Government has been vested by this Act the power to refer industrial disputes concerning any controlled industry to the Industrial Tribunal for adjudication. In other words, these variety of powers do not make the Central Government the appropriate Government for industrial disputes in relation to the scheduled or the controlled industries. Section 32 of this Act amends section 2 of the Industrial Disputes Act in the definition of the appropriate Government in relation to the reference of an industrial dispute to the Tribunal. Section 2(a) has been so amended as to show that an "appropriate Government" means the Central Government in relation to an industrial dispute "concerning any such controlled industry as may be specified in this behalf by the Central Government". In relation to any other dispute, the appropriate Government is the State Government. Section 32 also inserts clause (ee) defining what is meant by "controlled industry" in section 2 of the Industrial Disputes Act

It is, therefore, clear that although the industry carried on by the present Company is a controlled industry, in relation to the industrial dispute concerning this industry, the Central Government will be the "appropriate Government" only if this controlled industry was specified in this behalf by the Central Government, and in the absence of such specification, the State Government will be the "appropriate Government" in relation to such an industrial dispute. There is nothing on record to show, nor is it suggested by the learned Advocate for the Company that the Central Government has ever specified itself to be the "appropriate Government" in relation to the present industry. It is, therefore, abundantly clear that the Central Government is not the appropriate Government in relation to the industrial dispute in the present case, and the State Government is the appropriate Government in accordance with section 2(*a*) of the Industrial Disputes Act. The reference by the Government of West Bengal of the industrial dispute in question is, therefore, competent.

The learned Advocate for the Company cited the decision of the Hon'ble Labour Appellate Tribunal of India in the case of Bhowra Coke Plant, reported in 1956(1) L.L.J., 195. In this case it was decided that the definition of "mine" in section 2(j)(vi) of the Mines Act, 1952, included a coke plant manufacturing tar and industrial coke from coal purchased from outside. It was further decided that such industry is an industrial undertaking pertaining to one of the industries included in the First Schedule to Industrial Development and Regulation Act, 1951. Hence it being an industry carried on under the authority of the Central Government, the appropriate Government for the purpose of section 2(a) must be held to be the Central Government and not the State in which it is situated. The Hon'ble Tribunal decided that the reference made by the Bihar Government in relation to an industrial dispute concerning the Bhowra Coke Plant was *ultra vires* of the Act and, therefore, incompetant, inasmuch as, for reasons mentioned above the Central Government was the appropriate Government in relation to the industrial dispute in question. The Bhowra Coke Plant was considered by the Hon'ble Tribunal to be a Mine under section 2(j)(vi) of the Mines Act, 1952. Under section 2(a) of the Industrial Disputes Act, this decision alone was sufficient to make the Central Government the appropriate Government in relation to the dispute concerning the Bhowra Coke Plant. The other decision of the Hon'ble Tribunal that because this industrial undertaking was one in relation to a controlled industry, it was an industry carried on under the authority of the Central Government and the appropriate Government for the purpose of section 2(a) of the Industrial Disputes Act was the Central Government does not appear to be at all necessary. With great respect for the decision of the Hon'ble Tribunal, it appears to me that because an industry is a controlled industry, it was not necessarily one which was carried on by or under the authority of the Central Government. If that were so, the legislature would have found it necessary to enact section 32(a) and (b) of the Industries (Development and Regulation) Act, 1951, for amendment of section 2 of the Industrial Disputes Act in respect of controlled industries. In the present case, the Bharat Glass Works was not an industry which was carried on by or under the authority of the Central Government, although it was a controlled industry. The Central Government only exercised the power of control as mentioned in Act LXV of 1951 and not otherwise.

It is, therefore, decided that the order of reference made by the West Bengal Government as mentioned above was with authority and jurisdiction of the Government and is valid in all respects. It is also decided that the reference to this Tribunal of the industrial dispute in question is lawful and

valid and the Tribunal has jurisdiction to entertain the reference and is competent and even obliged to adjudicate on it. The preliminary objection raised by the Company is, therefore, rejected.

Notices were issued on both the parties, who filed written statements setting forth their respective cases.

The workmen in the written statement state as follows:

The Company has been in existence for the last two years. It specialises in the manufacture of a special type of product, and is the only such factory in India. On 20th December 1954, the workmen demonstrated against low wage and bad service conditions. The Company thereupon refused to allow the workmen to enter the factory premises and also withheld the payment of wages and other dues. There was a conciliation proceeding over the matter of lock-out effected by the Company, and as the conciliation proceedings failed to result in a settlement, the reference of the dispute was made by the appropriate Government to a Tribunal. The workmen pray that the Tribunal should direct the Company to reinstate all the workmen and grant them further relief as may be deemed fit and proper.

The Company, in its written statement, states as follows:

The Company started its factory in April 1953, and the financial year is from April to March. It is a hosiery needles manufacturing concern. During the year 1953-54, the Company suffered a huge loss. The Company has in its employ about 54 workers, and wages paid to them were fair and adequate in consideration of the capacity and status of the Company. It was noticed for some time that the workers of the production departments

were adopting "go-slow" tactics, resulting in loss of production. The workers, however, in a concerted manner were making demands for increase of wages while indulging in "go-slow" tactics in the matter of production. This conduct of the workmen resulted in financial loss to the Company. In view of the unfortunate position of the business and continued "go-slow" tactics in production, the Company earnestly asked for co-operation of the workers to tide over the crisis, but the workers resorted to acts subversive of discipline, for which conduct the Management was compelled to close the factory and to terminate the services of the workmen. On 20th December 1954 the workers after attending their work, suddenly staged and commenced a stay-in strike without any reason whatsoever and also without any previous notice. After staging the stay-in strike, the workers commenced various violent activities inside the factory premises and threatened to damage the Company's plants and machineries. Lives of the personnel of the Management were considered unsafe and insecure. In these circumstances, the Management closed the factory and dismissed all the workers by letters, dated 21st December 1954, and letters were issued to all the workers individually. The workers on receipt of letters terminating their services on account of closure of the factory, received their dues including earned wages in full and final satisfaction of their claim. The workers have no dispute. The Company was compelled to close the factory and to terminate the services of the workmen on account of *mala fide* and unreasonable conduct of the workers and also due to their subversive activities. In the circumstances as mentioned above, the closure of the factory and the termination of the services of the workers are justified. There was no lock-out effected by the Company. The workmen are not entitled to any relief in this case.

The appearances for the parties were as follows:—

For the workers: Shri J. Pandey, Vice-President, A.I.D. Shamnagar Works, Union.

For the Company: Shri N. M. Das Gupta, Advocate.

The issues that fall for decision in this case are the same as those mentioned in the order of reference.

AWARD

DECISIONS

Issues Nos. 1 and 2.—P.W. 1 Chitta Ranjan Sen, one of the workers concerned, deposed in this case. He says that the factory was started in April 1953 and was closed on 20th December 1954. The factory was, therefore, in operation for a little over one and a half years. The witness states that there were 54 workers in all. The witness filed Ext. 1 showing the names of the workers with their monthly wages. The exhibit shows the names of 46 workers. The witness states in evidence that he and the other workers want some compensation. In cross-examination, the witness admits that the earned wages of all the workmen were paid by the Company and that there was a talk of compromise and the petition, Ext. A, was filed. He was one of the signatories to Ext. A. The statement in Ext. A shows that the Company had paid the workers their due wages and wages on account of leave period due to them and the workers will have no further claim against the Company, and there will be a "no dispute" award. At the time of the hearing of the case, it was stated by the learned spokesman for the workers that all the dues were not paid by the Company. The petition, Ext. A, was signed by only five of the workmen. It is admitted that the factory was closed on 20th December 1954. The workmen, therefore, could not be employed by the Company any further. Issue No. 1 is, therefore, answered in the affirmative.

As the factory was closed, all the workmen lost their jobs. The workmen are entitled to some compensation for loss of service. Considering the fact that the workmen were in service only for a year and a half and there was an amicable settlement of the matter with some of the workmen, it is awarded that the Company do pay to all the workmen three weeks' wages by way of compensation for loss of service. Issue No. 2 is accordingly answered.

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal*

Appearances:

For the Petitioner: Shri J. N. Chakraborty.

For the Opposite Party: Shri N. K. Mookherjee, Advocate.

This is an application under section 33A of the Industrial Disputes Act, 1947, filed by the workman Shri Mayadhar Bera on 15th of May 1956.

It is the contention of the petitioner that while the original reference as mentioned above was pending before this Tribunal, the Opposite party, Company, charge-sheeted and suspended him on 11th May 1956 without taking permission from the Tribunal and as such the provisions of section 33 of the Act were contravened.

The Company denied having contravened the provisions of section 33 and pleaded that charge-sheet was issued to the workman on the ground of misconduct and pending enquiry into this charge, he was suspended. It thus contended that the application under section 33A was not maintainable.

Having heard Shri N. K. Mookherjee, learned Advocate for the Company and also Shri Jatin Chakraborty, learned representative who appeared on behalf of the worker and on perusal of the record, I am of the view that section 33 has not been violated and consequently the application under section 33A is not competent.

The workman concerned admittedly received a charge-sheet on 11th May 1956 and pending completion of that enquiry he was suspended. In the circumstances the suspension cannot be regarded as punishment. Section 33 is attracted only when the suspension is by way of punishment. In the present case it is not so. Suspension was made as a security measure pending completion of the enquiry. So it cannot be said that section 33 has been violated. That being so, the application under section 33A is not maintainable. I award accordingly.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

For the employee: Shri H. L. Roy, Pleader.

For the Company: Shri N. K. Mukherjee, Advocate.

The above industrial dispute regarding the matter mentioned in the schedule below has been referred to this Tribunal for its adjudication by Government of West Bengal, Labour Department, under order No. 712Dis./D/13L-38/55, dated the 21st February 1956.

Schedule to the order of reference

Whether the termination of services of Shri G. D. Roy and Shri J. R. Bhattacharjee was justified? What relief are they entitled to?

AWARD

The present dispute relates to the termination of services of Shri G. D. Roy and Shri J. R. Bhattacharjee who were employed at the relevant time in the Calcutta Chromotype Limited as supervisors. Their services were terminated with effect from 2nd November 1955. The case of these two employees in short is that the alleged termination of their services was unjustified and *mala fide*. So, they claim reinstatement with back wages.

In reply, the Company has contended that there were sufficient grounds for termination of their services. As a result of enquiry held by the management they were found guilty of negligence and inefficiency in the discharge of duties. Hence they had to be dismissed.

A preliminary objection has been raised also on behalf of the Company and it is that these two employees who were employed as supervisors were not workmen within the meaning of the Industrial Disputes Act, 1947, and were not, therefore, entitled to any relief under the said Act.

This leads the Tribunal necessarily to take up the preliminary objection first. Obviously this objection touches the jurisdiction of the Tribunal. If the two employees who are concerned in the present case are found to be not workmen, the dispute under reference ceases to be an industrial dispute. In such an event the employees cannot get the aid of the Act, nor can the Tribunal adjudicate upon the dispute, despite the reference made by the Government. It has been repeatedly held that in deciding whether a particular employee is a workman or not, designation does not matter and is not of great moment. What is of importance is the nature of his duties. The relevant question is whether he performs clerical or manual work so as to place him under category of "workman" under the Act. The approach should, therefore, be not from the angle of testing whether the employee is an officer but from that of examining the duties to be performed by the employee and deciding whether they are in the main clerical or manual. This is ultimately a question of fact. At best it is one of mixed facts and law. Now let me approach the question from the standpoint of the duties of these two employees. Admittedly they are employed as supervisors of two departments of this Company. In this connection I am to observe that the question whether an employer is a supervisor or exercises directional or controlling power, supplies a negative test of a workman which cannot be conclusive. I shall now discuss the duties and responsibilities which have emerged from the evidence. Both the employees have examined themselves in this case. On the side of the Company the Managing Director has deposed and some documents have been admitted in evidence. I have carefully scrutinised the evidence. On the evidence it is clear that these two employees were supervisors in two separate departments of the Company and their main duties were of supervisory nature. Not only they had to inspect the works of the workers but had to see also that the works were done properly and according to specification. The evidence further indicates that they had to make complaints if the work of any workman employed under them was found to be defective. So, on a careful consideration of the materials placed before it and bearing in mind the test laid down in a series of cases, the Tribunal holds that these two employees cannot be considered to be workmen within the meaning of the Industrial Disputes Act. They were responsible for supervision and proper administration of the departments under their charge. They had under them a set of workers whose works they not only supervised but whom they controlled and directed also. Certainly they had duties and responsibilities of a much higher order than that of a workman. Of course, it has transpired from the evidence that in course of supervision and inspection the employee

Shri G. D. Roy was required to demonstrate to the workers employed under him how the work was to be executed and that the employer Shri J. R. Bhattacharjee had to mix up sometimes the colours for preparing different shades therefrom. The learned lawyer for the employees relying on the same has voiced an argument that this clearly showed that these two employees had to do also manual work and as such they came within the meaning of "workman". But it is extremely difficult to accept this argument. It might be that in course of supervision and inspection they had to do such work. But it was only part of their duties as supervisors to see that the work was properly done and done by the workers according to specification. It does not mean that they had to do manual work themselves. If in the course of supervision and inspection they had to do anything by their own hands by way of testing or demonstrating, it cannot be said to be manual work. It was a part of their duties as supervisors. Next it was argued that these employees had to do clerical duties also as they had to write requisition reports for materials and also reports of daily outturn and production, etc. It is true no doubt that they had to write such reports daily. But in the view of the Tribunal, the clerical duties which they performed were insignificant as compared with the importance of their works and was only ancillary to their main duties as supervisors. Then again, it has transpired from the evidence of the Managing Director that for such clerical duties half an hour was required daily. Lastly, it was contended that as these two employees had no power to dismiss any worker employed under them, they cannot be deemed to be invested with the powers of supervision and control in the day-to-day works of the departments in which they were employed. It is now well settled that non-conferment of powers to appoint, suspend and dismiss any worker does not detract from the supervisory powers the employees had over the workers in the departments. If any authority is needed for this I may cite the cases reported in 1954(II) L.L.J. 457 and 1955(II) L.L.J. 595. The preliminary objection raised on behalf of the Company therefore succeeds.

In the result the Tribunal comes to the conclusion that these two employees concerned cannot be considered to be workmen within the meaning of the Act, the nature of their duties in the main being neither clerical nor manual. That being so, the present dispute between the parties does not fall within the ambit of the expression "industrial dispute" as defined in section 2(k) of the Act. Accordingly the employees concerned are not entitled to invoke the aid of the Act nor has the Tribunal jurisdiction to adjudicate on the issue referred to it, despite the reference made by the Government. In this view of the matter, it is not necessary for the Tribunal to enter into the merits of the case or to express any opinion regarding the termination of services of these two employees.

This is my award.

DECISION

This is an appeal from an award of the Third Industrial Tribunal, West Bengal, dated the 17th March 1954, published in the *Calcutta Gazette*, dated April 8, 1954. By Government order No. 592Dis./D/12L-5/52, dated the 23rd February 1953, the following 9 issues were referred for adjudication to the Third Industrial Tribunal, West Bengal:—

(1) To what relief the workers are entitled for the period of their unemployment between 26th September 1952 to 9th November 1952?

(2) Pay and dearness allowance.

(3) Leave.

(4) Permanency.

(5) Retiring benefits.

(6) Abolition of contract system.

(7) Bonus for 1952-53.

(8) To what relief the workers mentioned in attached list are entitled for their non-employment by the management?

(9) To what relief the workers are entitled for forced idleness for two days in a week?

The appeal is by the employers and is directed only against the findings on issues Nos. two and eight. Issue No. two was "pay and dearness allowance", and issue No. eight was "to what relief the workers mentioned in attached list are entitled for their non-employment by the management".

This Company pays consolidated wages to its workers. Prior to the dispute the consolidated wage (pay and dearness allowance) of the unskilled category of workmen was Rs. 2 per day and that of the skilled category of workmen Rs. 2-4 per day. The learned Tribunal increased the rate of each category by annas 4. To the eight workmen mentioned in the award out of 44 workmen named in the order of reference, the learned Tribunal below has granted three months' consolidated wages as retrenchment compensation. The Company has challenged only these parts of the award. Therefore, it is unnecessary to refer to the other issues.

The first question for decision is whether the increase of annas 4, in the consolidated wage of each category was justified. The appellant is an Engineering concern. The learned Tribunal relied upon the observations of the Central Pay Commission and also on the findings of Major Engineering Tribunal. For an unskilled worker in the Engineering Industries in West Bengal, a minimum basic wage of Rs. 30 per month or Rs. 1-2-6 per day was fixed by Major Engineering Tribunal, while dearness allowance at Rs. 31 per mensem was fixed by the Second Engineering Tribunal. The total wages of an unskilled worker thus came to Rs. 61 per month. In a month of 26 working days the daily wage would amount to nearly Rs. 2-5-3. Against this the learned Tribunal below has fixed the consolidated daily wage of Rs. 2-4 only and certainly it was not wrong in doing so. This new wage comes to Rs. 58-8 per month of 26 working days and is still less by Rs. 2-8 than the minimum wage fixed by the two Tribunals. The difference of annas 4 in the rate of unskilled and skilled categories can by no means be said to be at all high. These wages are, rather, lower than the minimum basic wages payable for the two categories of workmen in the industrial concerns generally in the region.

The only argument advanced by the appellant's learned lawyer is that the cost of living index in 1950, when the Second Industrial Tribunal fixed the dearness allowance of the unskilled category at Rs. 31 was 350 and now it is 310. But, he could not place any material before us to prove that it was so. This dispute as appears from the order of reference arose in 1952. The appellant should have placed before us the cost of living index figures for the years 1950, 1952 and also for year 1954, when this award was made. On the material on record before us no case for interference with the award has been made out.

Regarding compensation to the eight retrenched employees who had not been taken in by the Company, the only point urged on behalf of the employer is that an award of retrenchment compensation at an *ad hoc* rate of three months' pay to each of the workmen irrespective of the length of service of each is against the well recognised principles. The learned Counsel concedes that there is no material on record from which the length of service of each of these eight workmen could be ascertained. He contended himself by simply saying that none of these eight workmen had put in more than four years of service. Continuing the Counsel argued that the retrenchment in question had taken place prior to the passing of Act No. 43 of 1953 and that the Act had no application He had to concede that in addition to compensation for their past services workmen were entitled to some compensation for future unemployment, according to well recognised principles of retrenchment compensation. Moreover, added the Counsel, even under the said Act a retrenched workman was only entitled to compensation relief equivalent to 15 days' wages for each year of completed service. We may at once say that the said Act only recognises the principles which governed the grant of retrenchment compensation laid down in a number of decisions of this Tribunal prior to their incorporation in the Act, *vide* 1955, II LLJ. 280, where it has been observed that the Act has not fixed a ceiling. In these circumstances, even if we attach any importance to the oral statement made at the bar on behalf of the employer that the length of service of none of the eight workmen was more than four years, we are of the opinion that three months' pay by way of compensation for future unemployment is by no means high. And, if length of service, whatever it be, were taken into account, this amount could not be said to be excessive by way of retrenchment compensation which included compensation for past service along with compensation for future unemployment. Lastly, the learned Consel for the appellant pleaded that the learned lower Tribunal could not award the respondents relief on *ad hoc* basis in an arbitrary way as had been done by it. He was unable to satisfy us that any injustice or prejudice had been caused to the appellant. In

these circumstances, we find no reason to interfere with the award of the learned Tribunal below, which we confirm. The appeal is, therefore, dismissed with costs to the Respondent Union which is fixed at Rs. 50.

Briefly stated the facts involved are that Messrs. Western India Theatres Limited which was engaged in distribution and exhibition of films transferred the management of the Elite Cinema to the 20th Century Fox Corporation (India) Limited on 1st June 1954. At the instance of the transferor the 20th Century Fox Corporation (India) Limited engaged the services of the employees who has hitherto served Messrs. Western India Theatres Limited. While dealing with the issues submitted to this Tribunal arising out of the dispute between the employees and the two employers aforesaid this Tribunal came to the conclusion that on ground of equity the workers should not suffer loss of benefits which they might claim on account of their past services rendered to the Western India Theatres Limited. The Tribunal decided that Western India Theatres Limited had an obligation to provide them the amenities or reliefs which their services entitled them to. The relief in the estimation of the Tribunal was gratuity calculated at the rate of 15 days' basic wages for each year of completed service, subject to a maximum of 15 months' salary.

Disputes have arisen between the employees and the Western India Theatres Limited as to quantum of gratuity. The focal point is the length of service. According to the Union the period of service rendered before the Western India Theatres Limited came into being must also be computed. It is necessary to mention here that originally, the business was being run by the Western India Theatres Limited as a private Limited Company. It went into voluntary liquidation in 1946. An agreement was entered into on the 26th of September 1946 between the Limited Company and the Western India Theatres Limited, a Joint Stock Company, incorporated under the Indian Companies Act VII of 1913. By the agreement which has been produced before me as an Annexure to an affidavit sworn on behalf of the Company, the Limited Company transferred its good will, assets, and properties and benefits of pending contracts and all liabilities to the Joint Stock Company. According to the Union representative the employees who were in service under the Limited Company were entitled to look to the transferor Company for the benefits accruing to them for service already rendered. The new Company had taken over the business with all its liabilities and obligations towards the employees. When this reference was made the dispute was in respect of the claim of 78 employees. At the hearing the learned Union representative informed the Tribunal that at present the claim of 22 employees only as per list submitted with the affidavit sworn require consideration. The Union is prepared to accept the amount offered by the Company by way of gratuity for the rest. The claim of the 22 employees named in the Union affidavit is therefore taken up for consideration. To prove their respective contentions regarding the length of service the Union and the Company produced their charts showing the date of appointment as well as the date of termination. Ext. 1 is the Union chart and Ext. C is the chart of the Company. The Company did not include the period of service, if any, under the Limited Company. The Union did not call for the service records or registers to prove beyond all shadow of doubt that the particulars supplied in chart Ext. 1 are correct in all respects. The evidence of P. W. 1 and P. W. 2 is that the chart was prepared on the verbal statements of the employees themselves. No registers or authentic documents were drawn upon for preparation of the chart. It is very difficult therefore for the Tribunal to accept the chart and

use it as the basis for computation of the relief due. The Company's chart was prepared with reference to service records lying in the Bombay office. It is unfortunate that the records themselves were not produced before the Tribunal for verification of the chart. As between the Union chart and the chart of the Company, the Tribunal is compelled to give preference to the latter since it is allegedly based upon records and registers. The Tribunal has no other alternative but to act upon the Company's chart. Regarding the Union agrument that the period of service before the transfer to the Joint Stock Company must also come into the equation, the learned lawyer for the Company replied that there is nothing to show that the private Limited Company had not satisfied the claims of the employees at the time of the transfer. Since the agreement which is annexed to the Company's affidavit shows that the liabilities of the business were taken over by the Joint Stock Company and there is nothing in the document that any particular liability had been discharged, no conclusion can be drawn that the claim of the employees had been settled.

The Company's chart shows that of the 22 employees whose case is now under consideration as many as 10, viz., P. K. Bagchi, Homi Muncharji, D. R. Chaman, B. J. Hossain, Baithnath, Drijadhan, Md. Monir, Md. Hossain, and Motahar entered service under the Western India Theatres Limited in 1948. The transfer had taken place in 1946. Even if they had put in service under the private Limited Company they lost the benefits of the said period since there was a break and re-employment commenced in 1948. One employee, Jal Bhasania by name entered service in 1949. So far as he is concerned, the position is the same as he cannot claim the earlier period, if any, to be tacked because of the break. Serial numbers (11) K. Prasad, (13) A. M. Roy, (17) D. L. Braham, (19) Sultan Ahmed, (34) Yusuf Mystry, (35) Bholanath Das and (61) Rambisen Singh, of Ext. C also had break of service. They had therefore forfeited the advantage of tacking on the service rendered prior to the break. Haridas, Imad Hussain and Ramooz Khan are shown in the Company's chart as having entered service on 26th September 1946. That is the date on which the agreement of transfer of the business was entered into. Since the date of commencement of service synchronizes with the date of the contract it is a fair inference that they were in the employ of the private Limited Company and were taken over by the transferee Company. With regard to these three employees the Tribunal has got to accept the particulars supplied by the Union in the chart Ext. 1, inasmuch as the Company has not produced earlier records. According to Ext. 1 Hari Dass and Imdad Hussain joined in 1939 and had been in service for 14 years six months and 15 years five months, respectively. Ramooz Khan joined in 1945 and was in service for eight years 10 months. Gratuity due to them must be calculated on the basis of these data. As regards the rest the length of service as shown in the Company's chart must prevail. Gratuity will be computed accordingly.

NOTIFICATIONS

No. 2138H.J.—4th August 1956.—In exercise of the powers conferred by sub-section (1) of section 31A of the Prisoners Act, 1900 (III of 1900), the Governor is pleased to empower the Inspector-General of Prisons, West Bengal, to exercise the powers to release prisoners temporarily under that section.

No. 2139H.J.—4th August 1956.—In exercise of the powers conferred by section 31C of the Prisoners Act, 1900 (III of 1900), the Governor is pleased to make the following rules, namely:—

1. *Definitions.*—(1) These rules may be called the West Bengal Prisoners (Temporary Release) Rules, 1956.

(2) They shall come into force at once.

(3) In those rules—

(*a*) "Inspector-General" means the Inspector-General of Prisons, West Bengal.

(*b*) "Superintendent" means the Superintendent of the jail in which the prisoner, whose release under these rules is under consideration, is confined.

(*c*) "The Act" means the Prisoners Act, 1900 (III of 1900), as in force in West Bengal.

2. *Application for temporary release.*—An application from a prisoner for temporary release under section 31A of the Act shall be made in the prescribed Form I (Appendix I) in duplicate by the prisoner and submitted to the Superintendent.

3. *Scrutiny of application for temporary release.*—The Superintendent shall personally examine the records of the prisoner making the application for temporary release and satisfy himself that the prisoner is eligible for temporary release under sub-sections (*1*) and (*2*) of section 31A of the Act. He shall also satisfy himself that the conduct of the prisoner has been good. If so satisfied, he shall furnish a certificate to that effect under clause (c) of sub-section (*2*) of section 31A of the Act.

4. *Presumption of good conduct.*—A prisoner who has become entitled to full ordinary remission under the rules for the time being in force made under the Prisons Act, 1894 (IX of 1894), for the twelve months previous to the date of the application for temporary release, shall be deemed to have been of good conduct in prison for the purpose of clause (*c*) of sub-section (*2*) of section 31A of the Act.

5. *Reference to the District Magistrate or the Commissioner of Police* —If the examination of the records of the prisoner shows that he is eligible for temporary release, the Superintendent shall record the fact and forward the prisoner's petition with his remarks, if any, to the District Magistrate of the district in which the prisoner was convicted. If the prisoner was convicted by a Court in Calcutta, the Superintendent shall send the application to the Commissioner of Police, Calcutta. The District Magistrate shall consult the Superintendent of Police and, if he considers necessary, the District Magistrate of the district where the prisoner ordinarily resided before conviction or wants to reside during the period of temporary release, if granted. The District Magistrate, or the Commissioner of Police, Calcutta, as the case may be, shall then forward the petition with his report to the Inspector-General under intimation to the Superintendent stating whether the prisoner can be granted temporary release without detriment to public interest and adding his grounds in support. If he recommends temporary release of the prisoner he may suggest at the same time special restrictions on his movements, if deemed necessary. He shall also indicate the amount and number of sureties for the bond which the prisoner must execute in the prescribed Form II (Appendix II) before he is released. He shall also indicate the number of days that will be required for the journeys by the shortest practicable route to and from the place at which the prisoner proposes to reside during his temporary release or if the prisoner proposes to visit more than one place, the farthest place from the jail which the prisoner proposes to visit.

6. *Final order by the Inspector-General.*—If, on receipt of the report of the District Magistrate or the Commissioner of Police, Calcutta, as the case may be, the Inspector-General considers that the temporary release of the prisoner is undesirable in the public interest, he shall intimate his decision to the Superintendent who shall inform the prisoner that his application has been rejected. If, on the other hand, the Inspector-General considers that the application can be allowed without detriment to public interest, he shall issue an order of temporary release of the prisoner in the prescribed Form III (Appendix III). While ordering temporary release the Inspector-General may impose such conditions, as he may consider necessary, including the condition that the prisoner shall, during the period of his temporary release, be under the supervision of a Probation Officer. He shall send the order to the Superintendent with copies to the District Magistrates of the districts wherein the places to be visited by the prisoner are located, as also of the district in which the prisoner was convicted. A copy of the same order shall also be sent to the Commissioner of Police, Calcutta, if the prisoner was convicted by a Court in Calcutta or proposes to reside there during his temporary release.

7. *Date of release.*—On receipt of the order of temporary release, the Superintendent shall fix in consultation with the prisoner, the date of his temporary release which shall ordinarily be not later than *ten days* from the date of receipt of the order. In the case of a female prisoner, the date of her temporary release shall be so fixed as to allow time for her transfer to the jail nearest to the place where she intends to reside during her temporary release and from which she is to be released. If a prisoner in respect of whom a temporary release order has been issued is ill, the Superintendent may postpone the date of his temporary release for such time as the Medical Officer of the jail considers to be necessary for the prisoner's recovery from illness.

8. *Cancellation of the order of temporary release.*—If the prisoner commits a jail offence other than that punished by a formal warning between the date of application for release and the date fixed for his temporary release under rule 7, the Superintendent shall report the fact to the Inspector-General who may thereupon cancel the order for temporary release. On such cancellation further requests from the prisoner for temporary release shall not be entertained during a period of six months from the date of commission of the offence.

9. *Intimation of release to the District Magistrate or the Commissioner of Police.*—When a prisoner is released temporarily, the Superintendent shall report to the Inspector-General and the District Magistrate concerned or the Commissioner of Police, as the case may be, the date of the prisoner's leaving the jail and the due date of his return to jail.

10. *Release Certificate.*—At the time the prisoner leaves the jail, he shall be furnished by the Superintendent with a temporary release certificate in the prescribed Form IV (Appendix IV), which shall be returned by the prisoner on his return to jail. A duplicate copy of the said certificate shall be kept in the jail records.

11. *Travelling and subsistence allowance during journey.*—When a prisoner is released temporarily under section 31A of the Act, he shall not be paid any diet money for the period of his temporary release. If such a

prisoner has not got sufficient private cash or wages earned to his credit to pay for the journeys from and to the jail, he shall be supplied with—

(*1*) a free pass of the lowest class to and from the railway or steamer station nearest to the place of his residence on the credit note system,

(*2*) boat hire or bus hire or boat and bus hire, as the case may be, from and to the jail if the journey or part of the journey has to be performed by boat or bus or by boat and bus,

(*3*) subsistence allowance for the journey from the jail to the residence of such prisoner at the rate of twelve annas for every fifteen miles or part thereof to be travelled by road, for which no conveyance hire is paid, and

(*4*) subsistence allowance at the same rate in respect of every day's or part of day's journey by rail, steamer, boat or bus.

The subsistence allowance mentioned in clauses (*3*) and (*4*) above shall not be payable where the prisoner's home is situated within five miles of the jail or where the prisoner has private cash or wages amounting to more than three rupees to his credit.

12. *Loan of jail articles.*—A prisoner, who has no private clothing and bedding and is unable to purchase them, shall be supplied on loan with a blanket and unmarked prison clothing. These articles shall be entered in his Temporary Release Certificate (Form IV) and shall be brought back by the prisoner on his return to jail.

13. *Condition of release to be explained to the prisoner.*—Before the prisoner leaves the jail, the conditions of his release shall be explained to him in the presence of the Superintendent. He shall be informed at the same time of the date on which he has to return to jail, that if he fails to do so, he can be arrested without a warrant by any Police Officer and that besides being committed to jail to undergo the unexpired period of his sentence (the period of temporary release not being counted towards the total period of his sentence) he shall be punishable as if he had committed a prison offence under the Prisons Act, 1894 (IX of 1894).

14. *Report to local police.*—An order for temporary release under the Act shall specify the place or places which the prisoner shall be allowed to visit or where he may reside during the period of temporary release. The prisoner shall not be at liberty to visit other places. On arrival at the place where he intends to reside, the prisoner shall within twenty-four hours inform the Officer-in-charge of the local police-station of the fact of his arrival. He shall similarly notify his departure.

15. *Procedure when prisoner does not return.*—A prisoner, who does not return to the jail before the evening lock-up of the date fixed for his return, shall be deemed to have escaped. Intimation of such escape with a descriptive roll of the prisoner, his usual address and the addresses of the places which he intended to visit during his temporary release and such other available information as will facilitate his capture, shall be given by the Superintendent immediately to the District Magistrates concerned or the Commissioner of Police, Calcutta, as the case may be, with a copy thereof to the Inspector-General.

16. If the prisoner returns to the jail of his own accord after the date fixed for his return, he shall be admitted to the jail and the prisoner's return and the reasons for the delay shall be reported immediately to the authorities to whom his escape was notified and to the Inspector-General who will give such directions, as he considers necessary, as to how the prisoner shall be dealt with.

17. *Release of female prisoners.*—When it is intended to release a female prisoner temporarily, she shall, in the first instance, be transferred to the jail which is nearest to the place where she intends to reside during her temporary release. She shall be released from the jail where she is so transferred and she shall return to that jail. The Superintendent of the jail from which she is transferred, shall forthwith intimate to her home address or to such relative or friend as she may nominate, the date of her release and the jail from which she is to be released. In the event of no relative appearing to receive her, and if she be under 25 years of age or likely to be led astray, she should be sent to her home in charge of the female warder, if there is one attached to the jail, or of a respectable woman entrusted to escort her. The female escort shall be paid travelling allowance as for journeys on tour if she is a Government servant and if not a Government servant, she shall be entitled to actual expenses for the journeys from and to the jail. If this escort is not considered necessary, the prisoner shall be given free pass, conveyance hire and subsistence allowance as prescribed in Rule 11.

OFFICE OF THE DEPUTY COMMISSIONER, COOCH BEHAR

ORDERS.

Dated the 28th July 1956.

In exercise of the powers conferred by section 20 of the West Bengal Security Act, 1950, and delegated to me by Government order No. 2170P./30-9/50, dated 11th April 1950, of the Home (Political) Department, Government of West Bengal, under section 38 of the said Act, I do hereby order that the Hat at Newajkhana in Mekliganj subdivision, will continue to remain closed as ordered on 30th April 1955.

I further order that the Dewanganj Hat in Mekliganj subdivision and the Hats and shops at Tharaikhana *alias* Kursha, Karala *alias* Natkabari and Chowhduryhat in Dinhata subdivision shall complete all transactions before sunset and shopkeepers, vendors and customers attending the Hats and shops shall leave by that time.

The aforesaid order shall remain in force for three months, with effect from 1st August 1956. Any person contravening the said order shall be punishable according to the provisions of law.

Given under my hand and seal of the Court, the 28th day of July, 1956.

Cooch Behar, the 31st July 1956.

Whereas I am satisfied from information received that smuggling of foodgrains, particularly of rice and paddy, is going on along the Indo-Pak border in this district resulting in a rapid drainage of these commodities from the district, and whereas it is immediately necessary, in the interest of maintaining supplies of foodgrains essential for the life of the community, to prevent such smuggling, and whereas I am of opinion that this can effectively be done only by restricting the movement of the said commodities within a belt of two miles along the entire Indo-Pak border in this district, I, Shri K. P. Sen, District Magistrate and Deputy Commissioner, Cooch Behar, in exercise of the powers conferred on me by order No. 2170-P/30-9/50, dated 11th April 1950, issued by the Government of West Bengal, Home (Political) Department, do, by this order under sub-section (1) of section 20 of the West Bengal Security Act, 1950, prohibit the movement of foodgrains including rice, paddy, pulses, oilseeds, wheat, gram, etc., in any form in quantities in excess of one maund at a time within a belt of two miles along the East Pakistan-Cooch Behar border in this district except the movement of such commodities in excess of one maund at a time by *bona fide* dealers and consumers under permits issued by the Subdivisional Controller of Food and Supplies, Cooch Behar, or by the Subdivisional Officer of the subdivision concerned.

This order will remain in force for a period of three months from the 1st August 1956 to 31st October 1956 (both days inclusive).

Given under my hand and seal this day the 30th July 1956.

K. P. SEN,
District Magistrate and Deputy Commissioner.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI G. PALIT, *Judge, Industrial Tribunal (Fifth), West Bengal.*

For the Company: Shri T. Sen Gupta, General Adviser of the Company.

For the Union: Shri D. L. Sen Gupta, Advocate.

1. By Government order No. 2536Dis./D/9L-27/55, dated the 8th June 1955, the aforesaid dispute has been referred to the Fifth Industrial Tribunal, presided over by me, for adjudication under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947). The said Fifth Industrial Tribunal was constituted under section 7 of the Act by the notification No. 3581Lab., dated the 9th June 1951.

2. The reference was received here on 15th June 1955. The Union filed written statement on 8th July 1955, and the Company filed written objection on 22nd August 1955. After several adjournments the case was taken up for hearing on 11th June 1956, and it continued till 14th June 1956 when the evidence including the argument was concluded. The award was reserved.

3. The issue contained in the schedule to the order of reference stands as follows:—

> Whether the Upper Fagu Tea Estate under the management of Messrs. Padma, Ltd., from 6th March 1955 should be treated as a Darjeeling Hill Garden or Dooars Garden? What should be the rates of wages of the workers of the garden from 6th March 1955?

AWARD

4. Before I discuss the issue specifically, I should like to preface it by a short history of the dispute. Originally the Fagu Tea Estate comprised both the Upper Fagu and the Lower Fagu. It is as ancient as 100 years, and it partly fell in the district of Darjeeling and partly in Jalpaiguri. It was under the management of British planters, and continued as such till 6th March 1955 when it changed hands and the present management came

to own the Upper Fagu Tea Estate. Though the Upper Fagu fell in the district of Darjeeling, still it was classified and treated as a Dooars Tea Garden. The rates of wages which were given in the Upper Fagu Tea Estate were the rates in Dooars Tea Gardens. The Minimum Wages Committee, West Bengal, in the year 1952 divided the whole plantation area into three divisions, and fixed the rates thereof. Those three divisions were, viz.—

(a) the hilly area of the Darjeeling district,

(b) Terai area in the plains of Darjeeling district in the Siliguri and Kurseong subdivisions, and

(c) the Dooars area in the Jalpaiguri district.

Though the Dooars area was limited to the eastern side of the river Teesta, yet the Dooars Tea Gardens comprised also the tea gardens in the "non-hilly" areas of Darjeeling, gardens in the plantation area in the district of Cooch Behar, and also gardens in the plantation area in the district of Jalpaiguri lying on the west of the river Teesta. So, according to the Union, Dooars Tea Gardens were comprehensive enough and practically comprised the residuary plantation area, barring the aforesaid three divisions as mentioned in the report of the Minimum Wages Committee, West Bengal. In this concept the Upper Fagu Tea Estate fell within the class of Dooars Tea Gardens, though geographically in the Kalimpong subdivision of the Darjeeling district. But the present management, as soon as they took over the tea garden on 6th March 1955, supplanted the Dooars rates of wages by the Darjeeling hilly area rates of wages which were much less. This resulted in a dispute which was referred to conciliation, but the Company did not abide by the decision of the said conciliation proceeding, and introduced the Darjeeling rates of wages. Hence has arisen the present dispute.

The Company contends that the Upper Fagu Tea Estate was situated in the hilly area of Kalimpong subdivision within the Darjeeling district. The previous management by mistake or inadvertence kept up the Dooars rates of wages in this Tea Estate. The present management did rectify this mistake with the result that the present dispute came into being. The present management, says the Company, cannot afford to pay or continue to pay the Dooars rates of wages because it proved to be an unprofitable Tea Estate. Its production is very small, and that is why the Government referred the dispute for decision with the idea that the Darjeeling Garden rates might be introduced here.

During the hearing the Union made an amendment of their written statement by saying that the Lower Fagu Tea Estate is also in the district of Darjeeling, and not in the district of Jalpaiguri as originally stated. The other side, however, objected to it after the amendment was passed by the Tribunal. The Union could not produce any documentary evidence to show that really the Lower Fagu Tea Estate fell within the district of Darjeeling. Its motive to make this amendment is not far to seek. It is admitted that the Dooars rates of wages are still in vogue as before in the Lower Fagu Tea Estate under the European management. So, if the Dooars rates of wages are still being given in respect of a garden which falls within the ambit of Darjeeling district, then there can hardly be any point in denying the said privilege to the workmen of another garden which is geographically within the ambit of the said district. But both from the points of view of delay in moving this amendment, as also of want of evidence to substantiate it, I cannot attach much importance to this argument of the Union under the said amendment. So the dispute over the amendment should be at rest.

The Union tried to rely on the three divisions adopted by the Minimum Wages Committee of West Bengal in 1952. The relevant portion of the report occurs at page 7, and it runs thus: "The Committee has further decided with reference to section 3(3)(a)(iv) that minimum wages should be fixed in respect of three zones or localities, viz., (a) the Dooars area in Jalpaiguri district, (b) the Terai area in the plains of Darjeeling district in the Siliguri and the Kurseong subdivisions, and (c) the hilly areas of Darjeeling district, these three areas being described ordinarily as Dooars, Terai and Darjeeling, respectively, according to the prevailing practice."

Now, the Company may argue that these were the divisions which the Minimum Wages Committee might have adopted for their work or for convenience, but that can never be accepted as a conventional classification of these three classes of gardens, viz., Dooars, Terai and Darjeeling. True enough. But in the said report it is mentioned that this was in conformity with the prevailing practice. The said Committee which met not only the planters, but also the Employees' Unions, and toured through the area concerned, came to conclude that this was the practice current there. So, to say that it was not the prevailing practice, the onus is certainly heavy on the employer to displace the said Committee's report on the point by clear and cogent evidence. Such evidence is, however, wanting. So I cannot but attach importance to this classification as adopted by the Minimum Wages Committee. Darjeeling gardens must be limited to hilly areas of the Darjeeling district. Unless such position can be shown it is difficult to include the present Tea Estate in the class of Darjeeling gardens. It is nobody's case that the Upper Fagu Tea Estate is in the Terai area as also in the Siliguri and Kurseong subdivisions. In this connection I have also to consider the fact that the European management had so long been treating the entire Upper Fagu and the Lower Fagu Tea Estates as Dooars Tea Gardens. To brush it aside as the Company tried merely by saying that it was a mistake, or a piece of inadvertence, would be unconvincing. Secondly, if I refer to the Assam Directory and Tea Areas Hand Book, 1954, I find the Fagu Division being mentioned as "Dooars Gardens" at page 225. The Darjeeling Tea Companies are also mentioned in a separate chapter, but Fagu is conspicuous by its absence. So it is clear that Fagu was treated as a Dooars Tea Garden even in 1954. Then if I refer to the Calcutta Tea Market Report filed by the Union (Ext. 1), I find at page 7 of it that the Fagu Tea Garden is mentioned there as a Dooars Tea Garden. Darjeeling Tea Gardens are mentioned under a separate heading, but Fagu is conspicuous by its absence there. This Calcutta Tea Market Report dates April and May 1956. So it is an up-to-date document to show that even in 1956 May, the Fagu Garden was treated as a Dooars Tea Garden. So, it is abundantly clear that Fagu was all along treated as a Dooars Tea Garden, and not as a Darjeeling Tea Garden, and it is so right up to the present time. Now, what is the evidence that the Company has placed before me to displace this accepted position of the Fagu Tea Garden? I should say, the evidence that has been produced is merely tentative, and hardly sufficient. The Company, by oral evidence, has wanted to show the elevation of the Upper Fagu Tea Estate thereby trying to show that it must be treated as a Darjeeling hill garden. But in the Assam Directory aforesaid which mentions the elevation of tea gardens in some cases, does not mention the elevation of the Fagu Division. That leads me to think that its elevation is not such as is worth mentioning. Besides, I have got in evidence that only in some small spaces of the Upper Fagu there is some elevation, but the rest of the garden is more or less on level ground. So, mere elevation in portions, unless there is average, will not go far enough.

Next, the Company has shown that production in the Upper Fagu Tea Estate is much less than that in Dooars Gardens. Its production compares and likens to the production in Darjeeling hill gardens. That may or may not be, but it does not prove anything. The climate of this garden may very well be as that of other Darjeeling gardens because it is in the same region. So, the point of production can never be decisive in this matter. Then it is said that the culling of tea leaves of the Upper Fagu Gardens is more like the tea leaves culling of Darjeeling Gardens than that of Dooars Gardens. But this also can never be the criterion of classification for being a Darjeeling hill garden. So I must say that the Company has bent its energies in a wrong direction in its attempt to displace the established conclusion in the matter which the Union has proved by reference to documentary evidence and age-long custom. In view of this, I am clearly of opinion that the Upper Fagu Tea Estate should be treated as a "Dooars Garden" and not as a "Darjeeling Garden".

Regarding the rates of wages, I can at once say that the Dooars rates of wages must be granted here as before because it is a Dooars Garden Even if it be assumed for the sake of argument that the Upper Fagu Tea Estate is a Darjeeling hill garden, even then there are considerations which would lead me to grant Dooars rates of wages here, and those are as follows:

(1) These workmen had so long been enjoying the Dooars rates of wages. Simply because there has been a change of ownership, to which the workmen were no consenting party, their rates of wages are not liable to be reduced. If it was a mistake to grant them Dooars rates of wages originally, this long lapse of 100 years has taken away the basis of the mistake, and has converted it into a substantial right. Such right cannot be so easily taken away.

(2) The Lower Fagu Tea Estate is still granting Dooars rates of wages. Because a portion has been carved out of the parent tea estate, that cannot entitle the present Company to introduce a lower rate here. That would never produce industrial peace or harmony. It will rather be the reverse of it. So as an Industrial Tribunal I can never approve of it.

(3) I have shown above that the workmen's right to have the Dooars rates of wages is more broad-based than the above considerations, which I need not repeat here.

(4) If I look to the conduct of the present employer, I must say that it is bent on reducing the wages under some plea or other. It is well-known that Government, through the Minimum Wages Committee, granted some increment of wages in the case of workmen of the Darjeeling hilly area tea gardens. The workmen of the Upper Fagu Tea Estate also claimed at least this benefit granted by the Minimum Wages Committee, West Bengal. But the present management refused to concede even that claim of the workmen. The management had an injunction in a suit filed in the Kalimpong Court preventing the workmen from claiming the benefit under this move of Government through the Minimum Wages Committee. So it is clear that the employer is not prepared to extend even the privileges admissible to Darjeeling hill garden workers to the workers of the Upper Fagu Tea Estate, though it wants to classify this garden under the category of Darjeeling hilly area tea gardens. That shows the *mala fide* of the present employer *vis-a-vis* the workmen of the Upper Fagu Tea Estate.

The representative of the employer wanted to make much of the fact that if the Dooars rates of wages are allowed to continue, the Upper Fagu Tea Estate will be a liability. That cannot be helped. The management

itself made the bargain. Now if it does not prove to be a profitable bargain because of its being carved out from the parent tea estate, no justice will make the workmen pay for the same. So in any view of the matter, I cannot persuade myself to allow the Darjeeling hill garden rates of wages to supplant the Dooars rates of wages in the Upper Fagu Tea Estate with effect from 6th March 1955. This is my award.

But the point is, should I grant any specific relief to the workmen in the present case? I have evidence before me that Darjeeling rates of wages are already an accomplished fact in the Upper Fagu Tea Estate by the force of the employer. If that is so, the employer must make that good and pay the balance of wages which falls short of the Dooars rates of wages right from 6th March 1955 up to the date of reference, i.e., 8th June 1955. I cannot give any ascertained amount because there is no evidence before me specific on the point. As an Industrial Tribunal, I think, I am entitled to grant this individual relief which follows directly from my decision, and I do not think I am exceeding my jurisdiction in granting this very legitimate relief to the workmen of the Upper Fagu Tea Estate in the present case. The Dooars rates of wages are given in the Appendix and this is not disputed as such.

4. Sub-staff (as per agreement between the management and the workmen in the Minimum Wages Committee).

(1) It is agreed that in view of the increase in the wages of the workers by 3 annas a day, the wages of all the monthly paid subordinate staff will be increased from the 1st of January 1955, by Rs. 5 a month in all gardens.

(2) The I.T.A. gardens notwithstanding what is written in paragraph (1) above, agree to give this increase by modifying their wages structure so that the total starting wage will be Rs. 35 with 50 per cent. dearness allowance making Rs. 52-8 in all, or a net increase of Rs. 6-8 a month. The I.T.A.'s *ad hoc* allowance of Rs. 4 a month and the conversion allowance of Rs. 9 a month are merged in this new wage.

Where the subordinate staff receives Rs. 18 a month as conversion allowance instead of Rs. 9 a month, this extra conversion allowance will be replaced by making a further increase of Rs. 6 in the basic wage which taking the 50 per cent. dearness allowance into account covers the extra Rs. 9 in question.

(3) These increases of Rs. 13 or of Rs. 19, where such figures apply, in the basic wage will be given also to those members of the subordinate staff who are earning more than the starting minimum wage.

(4) The I.T.P.A. gardens explain that they are parties to a case before the Hon'ble Appellate Tribunal and though they will pay the Rs. 5 increase with effect from 1st of January 1955, they are unable to consolidate and/or to modify their existing wage structure on the lines of the I.T.A. agreement recorded in clause (2) during the pendency of the Appellate Tribunal case. Immediately the appeal has been heard, they will review their wage structure.

AWARD

1. By order No. 2256Dis./D/11L-133(A)/56, dated the 28th May 1956, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. General Dealers, Ltd., and Messrs. Ramsahaimull More, Ltd., both of 5 Clive Row, Calcutta, and their employee Shri Gour Chandra Dhar represented by the Federation of Mercantile Employees' Union, 23A Netaji Subhas Road (top floor), regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. Summons was duly served on the Federation of Mercantile Employees' Union representing the employee Shri Gour Chandra Dhar. It did not put in appearance. The employers Messrs. General Dealers, Ltd., and Messrs. Ramsahaimull More, Ltd., put in appearance and filed their written statements.

3. The matter of dispute as stated in the schedule to the order of reference is as follows:—

Is the discharge of Shri Gour Chandra Dhar justified? To what relief is he entitled?

DECISION

As neither the employee Shri Gour Chandra Dhar nor the Federation of the Mercantile Employees' Union representing him put in appearance, it is presumed that they have no outstanding dispute for adjudication. The employers Messrs. General Dealers, Ltd., and Messrs. Ramsahaimull More, Ltd., on the other hand, filed a joint written statement stating that the dispute has been amicably settled. In support of the statement, the employers have filed a copy of the application addressed by the workman to the Assistant Labour Commissioner Shri A. R. Ghosh. In the circumstances, it is abundantly clear that the dispute referred to has been settled and needs no adjudication. It is awarded accordingly.

1. The original reference out of which this case has arisen was made under Government order No. 1858Dis./D/10L-57/53, dated 21st May 1953.

AWARD

2. It is the contention of the petitioners that six bearers were working all along in the staff canteen of the Factory, and that the Company discharged two of them, and transferred one to the production department. The Company did not take new men in those vacancies, but forced the petitioners to do the whole job which was originally done by six men with the result that the workload on the petitioners has become almost double. This was done by the Company without the permission of the Tribunal before whom at that time the main case was pending. Accordingly, the petitioners have put in this application under section 33A of the Act before the Tribunal for appropriate relief.

The Company, viz., Messrs. National Carbon Co. (India), Ltd., in its written reply to the Union's statement says that it did not at any time discharge any bearer from the staff canteen. One of the bearers left the service of his own accord, while another bearer offered himself for work in the production department. So he was transferred there. At present there are four bearers in the staff canteen, viz., three working in the day shift and one in the night shift. Previously there were five bearers in the day shift and one in the night shift. The work at no time was sufficient for employment of six bearers, but the Company refrained from retrenching the staff for the time being. It is further contended by the Company that the complainants are all monthly-rated employees, and they were not concerned in the main dispute referred to by the Union. As such, there has been no violation of section 33 of the Industrial Disputes Act, 1947, and the petition of complaint under section 33A is not, accordingly, maintainable in law.

On the date of hearing both the parties amicably settled the dispute in question out of Court, and requested the Tribunal by a joint petition to pass a "no dispute" award in the matter thereby disposing of the case. I accept the said petition of compromise, and pass my award accordingly. The petition of compromise is incorporated in the award as an Appendix.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Shiva Glass Works Co., Ltd. (Factory No. 1), 128 Barrackpore Trunk Road, Calcutta, and their workmen represented by Shiva Glass Mazdoor Union, 242/2 Manicktola Main Road, Calcutta-11

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:
SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

Appearances:

For the employees: Shri S. K. Dhar, Advocate, with Shri Matish Roy, Secretary, Shiva Glass Mazdoor Union.

For the Company: Shri P. R. Mukherjee, Advocate.

By Government order No. 5853Dis./D/11L-228/55, dated 13th December 1955, the aforesaid dispute has been referred to this Tribunal for adjudication regarding the matter specified in the schedule.

The issue as contained in the schedule to the order of reference is as follows:—

Is the termination of services of the workmen, as per list attached, justified? What relief are they entitled to?

AWARD

It is the version of the workmen that on 4th July 1955, the Shiva Glass Works Co., Ltd. (Factory No. 1), declared lock-out in the whole factory from 6 p.m. without justification, and only to crush the Shiva Glass Mazdoor Union. The Labour Directorate was moved in the matter, and as a result of a series of conciliation proceedings conducted by the Labour Officer, the Management was directed to take back all the workmen, who had been working in the factory before the lock-out. The Management took back majority of the workers, but the present workmen, who are mentioned in the attached list and who are 195 in number, were not allowed to join their duties by the Management. Hence, they claimed to be allowed to join their services with full compensation including salary and allowances for the period of their forced unemployment. The action of the Company is stigmatised to be unjustified and mala fide.

The Company's version is that the number of workers employed at Factory No. 1 was about 425, and the work of this factory was going on smoothly for several years, but the workmen being misguided by the R.S.P. leaders, adopted go-slow policy, as a result of which there was considerable fall in production in the month of June 1955. The Company gave several notices to the workmen in the month of June 1955 requesting them to give up go-slow policy, but still the workers continued that policy and resorted to sit-down strike on several days in the factory thereby hampering the production. On 4th July 1955, the workers, all on a sudden, launched a sit-down strike. The Management apprehending danger considered it expedient, as a measure of security, to close down the factory on that very day at 6 p.m., and the matter was reported to the Labour Commissioner. The Company further contends that as a result of a series of conciliation proceedings with the representatives of the workers and the Management, an agreement was at last reached, and the lock-out was lifted from 6th August 1955 when the factory was reopened. The Management issued a notice on that date to the workers requesting them to rejoin their work by the 8th August 1955. The Company issued further notices on 8th August, 9th August and 10th August 1955 requesting the workers, who had not reported for duties, to report for duties at the factory within three days. The Company issued a further notice on 13th August 1955 informing the workmen that the work in the production section would start on or about 18th August 1955, and that the workmen of this section should report at the factory by 18th August 1955 without fail. This notice was also advertised in several newspapers. As in spite of all these notices several workers did not join their duties, the Company gave another notice on 20th August 1955, and in this notice the Management clearly mentioned that if the workers did not join their duties by 22nd August 1955, it would be considered that the defaulting workers have left their services. At the suggestion and request of Shri N. C. Kundu, Labour Officer, the date of joining of such workers, who did not till then report for duties, was extended by the Management to 29th August 1955. But even in spite of this, only a few workers reported for duties. At last, the Management

was compelled to appoint fresh hands from 1st September 1955 to run the factory. Accordingly, the Company contends that it did not at all terminate the services of the workers, who are mentioned in the list attached to the order of reference, but these workers of their own accord had left the service of the Company. The Company further submits that the issue regarding termination of service is not maintainable in law in the present case, as the lock-out was lifted with full knowledge of the workers, and that as the workers in question did not turn up in spite of notices, there was no cause for them to complain that there was termination of service. Accordingly, the Company contends that the workers are not entitled to any remedy.

The contention of the workers, as could be gathered, is that the Company refused to allow these 195 workmen, as per list attached to the order of reference, to join their duties, although they had gone to join, and that the action of the Company was unjustified and mala fide. It is urged on behalf of the workers that this was an instance of unfair labour practice and victimisation on the part of the Management. The Company denied this contention of the workers. Its version, on the other hand, is that the Company did not terminate the services of these workers, but the workers themselves did not turn up to join their duties in spite of several notices issued by the Management from time to time, extending their joining time. Accordingly, it is urged on behalf of the Company that there was no termination of services of these workers by any order of dismissal. It further wanted to say that it could not keep the factory gate indefinitely open for any length of time in expectation of the workers coming or stepping in, as they pleased.

So, the point in the instant case boils down to this. Whether the Management refused to allow these workers to join their duties, or whether these workers did not turn up of their own accord in spite of several notices issued by the Management?

At the very outset, I may say that in this dispute I am not concerned with any question of lock-out. The issue in the order of reference is regarding the termination of services of these workers. The Government in the order of reference has specified only one point for adjudication, and it is whether the termination of services of the workmen as per list attached to the order of reference justified. That being so, the Tribunal shall confine its adjudication to that point only. The Tribunal cannot go beyond the strict terms of reference. Accordingly, the Tribunal cannot enter into the question whether the lock-out was justified or not. It may be stated in this connection that the discharge of workers or termination of their services does not amount to lock-out, and it has been held so by the Labour Appellate Tribunal in the case of the Presidency Jute Mills Company, Ltd., and their workmen reported in 1952 L.A.C. 62. That lock-out in this factory was declared on 4th July 1955 is admitted by both the parties. It has transpired from evidence that the said lock-out was lifted on 6th August 1955, as a result of conciliation proceedings held by the Labour Officer with the Management and the representatives of the workers. It has also been satisfactorily proved by the evidence, as furnished by the Company, that notices were issued by the Management asking all the workers to join their duties after the lock-out was lifted, and such date of joining was extended up to 29th August 1955. These notices have been proved (*vide* Ext. E-series). A copy of such notice was also published in five local newspapers (*vide* Ext. F-series). It has come out from the

evidence of Shri S. P. Modi (O.P.W. 1), who is one of the Directors of Messrs. Shiva Glass Works Company, Ltd., and who manages the affairs of the Company, that the notices, which were issued on 8th, 9th, 10th, 13th and 20th August 1955 were pasted on the Notice Board inside the factory and also outside the gate of the factory. He has denied the allegation that such workers, who belong to the Mazdoor Union, were not allowed to join by the Management. He has made a positive statement that at the request of the Labour Commissioner, the Management invited all the workers to join their duties, and that no discrimination was made in this respect. In this connection, it may be stated that out of 195 workers as mentioned in the list attached to the order of reference, 111 were taken in by the Company after the order of reference was made leaving behind only 84 workers. The very fact that out of about 500 workers who were in the factory at the time of lock-out, more than 400 were allowed to join their duties leaving behind a fraction of such workers only, negatives the contention of the Union that the Management victimised them out of malice. In my view, this rather shows that the Management was exceedingly considerate, and must have weighed the conduct of every worker who came forward to join by the dates prescribed by it. According to the evidence of the Secretary, Shiva Glass Mazdoor Union, this Union represents 85 per cent. of the workers. But the fact remains that majority of the workers was absorbed by the Company after the lock-out was lifted. So, the argument of the Union that these 84 workmen were not taken in simply because they belonged to the Mazdoor Union, does not hold good. P.W. 1 Secretary of the Union has stated no doubt that these workmen approached the Management for resumption of their duties after the lock-out was lifted, but the Management refused to take them in. This is emphatically denied by O.P.W. 1 Shri S. P. Modi, the Director of the Company. He has made a clear and positive statement that these 84 workmen did not at all report for duties. He has further deposed on oath that even after the last date fixed in the notice, dated 20th August 1955, they took those workers who came and reported for duties. He has denied with emphasis the suggestion that they did not allow these workers to join, in order to victimise the Union, to which they belonged. It is interesting to note that in this case none of the workers has been examined. In the circumstances, no reliance can be placed on the uncorroborated testimony of the Secretary of the Union, in the face of emphatic denial and positive testimony of Shri S. P. Modi, who is one of the Directors of the Company and manages its affairs. After giving my careful and anxious consideration to the evidence, facts and circumstances, I am of the view that all these workers did not at all report for duties in the factory in spite of several notices issued by the Management from time to time, and I am not prepared to believe that they presented themselves at the gate of the factory, but were not allowed by the Management to join their duties. Nor am I prepared to hold that such notices that have been proved in this case by the Management, were not issued in a manner as deposed to by O.P.W. 1 Shri S. P. Modi. All these workmen, in my view, had knowledge of these notices, and it cannot be held that they were totally ignorant of the same. These workers were members of a Union, and the said Union was acting on their behalf. So, such Union must have kept information as to what was going on in the factory, or what was being done by the Management. The lock-out was lifted on 6th August 1955. The Management virtually kept the doors for re-entry open till 28th August 1955 by issuing notices one after another. In spite of this, only a small fraction of the workers did not join. That is a thing for which the Management cannot be held responsible. The doors for such re-entry cannot be kept open for an indefinite time to enable the workers

to join their services. They were in duty bound to come back within a reasonable time, and if they could not, they ought to have given satisfactory explanation for the same. But here in the present case, no such explanation was given. The only explanation that was sought to be offered on their behalf before the Tribunal is that the Management did not allow them to join, although they reported for duties at the gate of the factory. But such explanation has been found to be unacceptable for the reasons stated already. In view of what has been stated above, it cannot be said by any means that the Management terminated the services of all these workers barring Sinhasan Jadab (serial No. 3 of the list attached to the order of reference). In my view, those workers must be deemed to have voluntarily left the service of the Company by not turning up in spite of notices is used by the Management. Hence, it is not a case of termination of service by the Management as assumed in the issue framed by the Government in the order of reference. In its true essence, this is a case for voluntary relinquishment or resignation of service by these men. Such a case is out of bounds of the Industrial Disputes Act. Hence, all the workers, save and except Sinhasan Jadab, are not entitled to any relief. In this connection, I may observe that the Management was perfectly justified in recruiting new hands for running its business, as all the workers did not turn up to join after the lock-out was lifted.

Regarding Sinhasan Jadab, his case, however, stands on a different footing. According to the Union, he was victimised on 13th June 1955. The matter was taken to the Labour Directorate. Although the Labour Officer requested the Management to reinstate him, the Management did not accede to it. The Company has denied the alleged victimisation of Sinhasan Jadab. The Company's version is that he used to work as a rack-maker, but he was absent from duties for several days without leave and intimation, and as such he was discharged. I called for the Labour file in this case, and have perused the same. O.P.W. 1 Shri S. P. Modi has also stated before this Tribunal that as Sinhasan Jadab was absent from duties for several days without leave and intimation, he was discharged. But in his cross-examination, he was constrained to admit that no written notice was given to Sinhasan Jadab when he was discharged, nor was any explanation called for from him before his discharge. Even no charge-sheet was issued to him, nor was any enquiry held before his discharge. Thus there can be no room for doubt that the principles of natural justice were violated in his case. It cannot be held that a worker will lose his service without having any opportunity to meet the charge levelled against him, and at the sweet will and pleasure of the Management. Sinhasan Jadab should have been given an opportunity to explain his position before being discharged. But the stubborn fact remains that no charge-sheet was delivered to him, nor was any enquiry held by the Management in order to ascertain what he had got to say by way of explanation for his alleged absence. The termination of service of Sinhasan Jadab cannot accordingly be justified. In such cases, the employer cannot be said to have acted with an honest purpose. That being so, the termination of service of Sinhasan Jadab (serial No. 3 of the list attached to the order of reference) was not only wrongful, but illegal and unjustified. The action of the Management was rather arbitrary. In my view, this is a fit case, in which reinstatement should be ordered. Accordingly, the Tribunal directs that Sinhasan Jadab (serial No. 3 of the list attached to the order of reference) be reinstated. He must come back to duty and join as soon as this award becomes operative. He shall get back wages and allowance, if any, for the entire period from the date of his termination of service till reinstatement within one month of the award becoming effective. Be it further

noted that the period of his forced unemployment should not be regarded as a break in his service.

This is the award of the Tribunal.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Nandi Keshori Engineering Works, 19/32 Ram Krishna Mandir Path, North Bantra, Howrah, and four of their employees mentioned in the schedule represented by Howrah Zilla Loha Karkhana Mazdoor Congress of 43 Baikuntha Chatterjee Lane, Howrah (case No. VIII-188 of 55).

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL,
NEW SECRETARIAT BUILDINGS,
THIRD FLOOR, CALCUTTA

PRESENT:

SHRI SAILESH SEN GUPTA, *Judge, Sixth Industrial Tribunal*

Appearances:

For the Company: Shri H. Chakraborti Advocate, instructed by Shri Sunil Krishna Mitra, Proprietor.

For the Union: Shri Modan Mohan Saha, Advocate.

This reference made by the Government of West Bengal by order No. 2683Dis./D/10L-96/55, dated Calcutta, the 15th June 1955, was dealt with and disposed of by me by award, dated 5th November 1955, on the *ex parte* evidence produced by the Union representing the workers.

The Company had filed written statement in opposition but failed to appear on the date fixed for hearing. The Union offered evidence and the case was decided on the materials supplied by it. The Company went up in appeal and drew the attention of the Hon'ble Labour Appellate Tribunal, pointedly to the order passed by the Tribunal on 22th September 1955 settling 3rd November 1955 as the date for hearing. There was a direction in the order to inform the parties. In conformity with established usage information was given by affixing notice in the Notice Board. Somehow or other the Labour Labour Appellate Tribunal was not apprised of the fact or was not convinced that the normal procedure for informing parties was by publication in the Notice Board. Under the general law the duty is cast upon parties to keep themselves acquainted with the proceedings and the orders passed therein. Courts and Tribunals are not required under the law to give information to parties. Be that as it may, in the view that the Company had no notice of the hearing date, the learned Appellate Tribunal remanded the case for fresh hearing and disposal according to law. That is how the matter has been reopened.

The dispute is concerned with the dismissal of four employees and the issues formulated by Government are as follows:—

Issues

(1) Whether the dismissal of Shri Krishna Chandra Santra, Shri Sudhir Bhowmick, Shri Kalipada Dalui and Shri Balai Santra is justified?

(2) What relief including reinstatement are they entitled to?

The written statement lodged by the Union is a model of brevity. No particulars are furnished as to the date and the circumstances in which the services of these employees came to an end. The bare statement appears that they were discharged without any reason whatsoever and no payment of wages already due and compensation for abrupt termination of service had been made.

The Company's reply is that in September 1954, Krishna Chandra Santra, on whom the Proprietor relied to a large extent, conceived the idea of assuming leadership and dictate terms to the management. Forming a sort of "resistance group" these employees started a mischievous campaign calculated to cause injury to the concern. Production was slowed down and the actual execution of work was performed perfunctorily. They became insubordinate and defied the Proprietor. On the 17th of December 1954, these employees were given verbal notice that on the expiry of a month from date their services would terminate. On such notice being given there was an aggravation of the malpractices and costly machines and tools were wilfully damaged or broken. On the 15th of January 1955, they were reminded of the notice of dismissal and were asked to be present on the 17th to receive their dues. On the date thus appointed only Sudhir Bhowmick appeared but the other three remained absent. On the 18th morning all four appeared but refused to accept payment of the dues offered by the Proprietor. Thereafter they left the workshop on being asked by the Proprietor to clear out. As these employees were dismissed on grounds of misconduct and insubordination, they are not entitled to any relief

The two issues are dealt with jointly.

The written statement submitted on behalf of the employees does not disclose the relevant facts. In evidence the omissions were made good. It was stated that Krishna Chandra Santra was suffering from acute diarrhoea on Saturday the 15th January 1955. As he was too ill to do

his duty he left at 12 noon with the permission of the Manager. He could not return for duty on the 17th (Monday) as his illness still continued. When he attended the factory on the 18th he was called by the Manager and interrogated why he was absent on the previous day. Though he replied that he was ill he was dismissed forthwith and was not allowed to join his duty.

Balai Chandra Santra is Krishna Chandra Santra's brother's son. His evidence is that on account of his uncle's illness he had to go to Burdwan on Sunday the 16th January, to fetch his aunt (Krishna Ch. Santra's wife). He could not hence attend the factory on the 17th. When he appeared on the 18th he was sent for by the Proprietor and informed that his services were dispensed with owing to his absence on the 17th.

Kalipada Dalui gave evidence that on the 17th January, he missed the train and reached the office at 8-45 a.m. He was thus late by 45 minutes. The gate being closed he could not enter the factory. When he came the next day the Proprietor dismissed him. So it appears none of these three persons had reported for duty on the 17th January 1955. The suggestion on behalf of the Company is that this absence was in pursuance of a concerted design. So far as Krishna Chandra Santra is concerned the evidence is that he became ill on Saturday the 15th and on Monday the 17th he was still in the same condition and hence he was not fit to attend the factory.

Sudhir Bhowmick P. W. 4 admitted in cross-examination that the duty hours were changed by the Proprietor. Previously work started at 8 a.m. and closed at 5 p.m. Under the new arrangement work was to close at 4-50 p.m. On Saturdays the factory was closed formerly at 1-30 p.m. The hours being changed work was to be carried on from 8 a.m. to 4-30 p.m. on Saturdays as well. Having got an inkling of the proposed changes Sudhir Bhowmick (himself), Balai and Krishna had discussions over this matter at 10 p.m. in the *para* on Sunday the 16th January 1955. They had met together on the *roak* of neighbour of theirs. From this evidence it is clear that Krishna Chandra Santra was not ill. His absence from duty on the day following was therefore not due to ill health.

Balai Santra gave evidence that he went to Burdwan to bring Krishna Santra's wife in the morning on Sunday. He returned at about 10 p.m. The factory is at a distance of 25 minutes walk from his house. The circumstances were not such that he could not attend the workshop at 8 a.m. He might be a few minutes late but it is clear that no attempt was made by him to attend his duties. He had hence no reasonable ground for his absence.

Kalipada Dalui deposed before the Tribunal that on the 17th he was late because he had missed a train. He appeared at the gate at 8-45 a.m. but was denied admission by the durwan. The evidence of the Proprietor Shri Sunil Mitra is that he has no durwan in his employ. P. W. 3 Balai admitted in cross-examination that no durwan remains on duty at the gate. Kalipada's evidence that because of the obstruction by durwan he could not join his duty on the 17th is palpably false. This witness has set up a record in hard swearing. Krishna Santra's sister is Kalipada Dalui's mother. This relationship was admitted by Balai but Kalipada himself emphatically denied the relationship. He has thus proved himself thoroughly unreliable as a witness. His testimony that he was obstructed by durwan has also been proved conclusively to be false. The necessary conclusion is that there was no ground for his absence on the 17th.

Sudhir Bhowmick's case is a bit different. He stated that on the 17th January, after the regular working hours when he was about to come away the Proprietor desired him to work overtime. He declined on the ground that his mother was ill. Thereupon the Proprietor insisted on his putting on record the amount of work he had done on that day. Sudhir Bhowmick wanted the Proprietor to make the record on the spot. The Proprietor flared up and asked him to clear out. He did not return to duty any time thereafter. For exigencies of business the management has the right to make the employees work overtime and pay overtime allowances as prescribed by law. Employees cannot refuse to work overtime except on cogent grounds. The plea taken by Sudhir Bhowmick was that his mother was ill. The evidence however shows that his brother Nimai is also employed in this Company, and he had left for home on that day. If both the brothers could attend the factory despite the mother's illnes and remain away from home for the whole day, it was not necessary for both the brothers to be at the mother's bed side. As Nimai had left for home already Sudhir Bhowmick might have continued working, according to Proprietor's instructions. In refusing to do so he was guilty of disobedience.

I have considered the circumstances as stated by the employees. The conclusion I have arrived at is that they had taken false pleas in justification of their absence on the 17th and Sudhir Bhowmick had put forward a lame excuse for not complying with the order of the Proprietor for overtime work. The case presented by the Proprietor is that since September 1954, a growing spirit of insubordination was noticed. Their work deteriorated and the Proprietor's impression is that they had deliberately resorted to the lowering of the quality of production. There was a Government order for certain articles. Ext. C shows that the articles were so carelessly manufactured that they were all rejected. The Company suffered loss. It is also admitted by Krishna Santra that M. L. Jain had placed order for certain goods. These goods were manufactured by him in Sj. Jain's *karkhana* after his dismissal. This was so because the workers did not work to the best of their ability when the order was placed with this concern. Krishna Chandra Santra, Balai Santra and Kalipada Dalui are closely related to one another. Sudhir Bhowmick is a tenant under Krishna Santra's father. It is crystal clear that these four workers had banded themselves into a group and had started creating trouble. They were not working with due care and attention, and taking the bit between their teeth they were riding rough-shod over discipline. There are ample grounds for believing the testimony of the Proprietor that the services of all these men were dispensed with because of calculated insolence and perfunctory execution of work causing loss to the concern. It is true that no charge-sheets were served and no enquiry was held. The facts were to the knowledge of the Proprietor himself. The Tribunal on independent consideration of the facts and circumstances comes to the conclusion that these employees were guilty of insubordination, misconduct and bad work. Their dismissal was therefore amply justified. They are not entitled to any relief.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

Appearances:

For the employees: Shri Patit Paban Pathak.

For the Company: Shri S. C. Das Gupta, Advocate.

By order No. 1275Dis./D/11L-12/56, dated 27th March 1956, the Government of West Bengal, in the Labour Department, has referred the above dispute to this Tribunal for adjudication regarding the matters mentioned in the schedule to the order of reference.

The following issues have been raised for adjudication as per schedule to the said order of reference:—

Whether the laid-off employees mentioned in the attached list are entitled to any benefit? What amounts are each of them entitled to?

AWARD

On 26th August 1954 the Company issued a notice laying off these 84 workmen with effect from 30th August 1954. The notice stated *inter alia*: "The employees thus laid-off will be entitled to get the benefits of laid-off compensation as provided under the Industrial Disputes Amendment Act of 1953 on the conditions laid down therein". Pursuant to this notice, these 84 workmen who are mentioned therein, were laid-off from 30th August 1954. The Company in spite of the assurance given in the aforesaid notice, has not paid any lay-off compensation to any of these workmen. The Labour Directorate was moved in the matter, and there the Company also promised to pay the lay-off compensation to these workers, but the promise was not kept by the Company. Hence, the Government made this reference. The workmen concerned accordingly claim compensation for the period of lay-off.

The Company admits that these 84 workmen were laid-off from 30th August 1954, but it contests the claim for compensation as put forward on behalf of these workmen. It contends that among the workmen mentioned in the list, 14 [Nos. (70), (71), (72), (73), (74), (75), (76), (77), (78), (80), (81), (82), (83) and (84)] were recalled to duties on different dates, and have been working since then. It further contends that the workers concerned were engaged in employment elsewhere during the period of lay-off, and that none of them fulfilled the conditions mentioned in section 25E of the Industrial Disputes Act. In the circumstances, it is urged on behalf of the Company that the workmen concerned are not entitled to any lay-off compensation.

There is no dispute or controversy between the parties that these 84 workmen were laid-off by the Company from 30th August 1954 pursuant to a notice issued on 26th August 1954. Admittedly, that lay-off still continues, so far as most of the workmen of the list attached to the order of reference are concerned. The Company has adduced evidence that only 14 among 84 workmen of the list, whose Nos. are (70), (71), (72), (73), (74), (75), (76), (77), (78), (80), (81), (82), (83) and (84) were subsequently recalled for duties on different dates, and are still working. The evidence on the side of the Company in this respect stands unchallenged and uncontradicted. There was no cross-examination on this point by the Union, nor has the Union furnished any evidence to the contrary. Shri Pathak appearing on behalf of the Union fairly accepted this position at the time of hearing.

As stated already, one of the contentions of the Company is that the workmen concerned are not entitled to get lay-off compensation, as none of them fulfilled the conditions mentioned in section 25E of the Industrial Disputes Act. In this respect, the Company presumably relied on condition as laid down in clause (ii) of section 25E, which runs as follows:—

> "No compensation shall be paid to a workman, if he does not present himself for work at the establishment at the appointed time during normal working hours at least once a day."

But I may say straightway that the workmen, who were thus laid-off in the present case, were not required to fulfil the condition as laid down in clause (ii) of section 25E. In the notice issued by the Company for lay-off, it was not stated anywhere that the workers laid-off were to present themselves for work at the establishment during normal working hours at least once a day. Furthermore, according to the written statement of the Company (*vide* paragraph 2), the Company had to close down its work and to lay-off the workmen concerned, as there was no business. If the Company had to close down the work and business, then where was the scope for the workmen concerned to present themselves during normal working hours at least once a day? Possibly, there could be no such scope. Then again, the Company has further stated in paragraph 3 of its written statement that after the closure there was a distinct understanding that the workmen would be taken back, in case the Company was in a position to restart work, and that in pursuance of this understanding, they were not required to present themselves for their attendance as required under the Industrial Disputes Act to become eligible for the lay-off compensation. In view of this averment in the written statement, the Company cannot be allowed to raise an objection that the workmen concerned were not entitled to get any lay-off compensation, simply because they failed to present themselves for attendance at least once a day. This attitude of the Company to defeat the rights of the workmen concerned to compensation, is anything but satisfactory, and cannot be approved. The Company cannot blow hot and cold at the same time, nor can it approbate and reprobate. Accordingly, this

contention of the Company is repelled. Next, it was contended on behalf of the Company that as the workmen concerned were employed elsewhere during the period of lay-off, they were not entitled to any compensation. But the Company has not adduced any evidence to show that the workers concerned were so employed. Hence, this contention does not stand.

The Tribunal, on a consideration of the facts and circumstances, feels no doubt or hesitation in holding that the workmen mentioned in the attached list, who were admittedly laid-off, by the Company, are entitled to benefit by way of compensation, in accordance with section 25C of the Industrial Disputes Act. It is interesting to note in this connection that these workmen were informed also by the very notice, dated 26th August 1954, under which they were laid-off, that they would get the benefit of lay-off compensation as provided under the Industrial Disputes Amendment Act, 1953. The Company, therefore, cannot dispute the rights of the workmen concerned to lay-off compensation.

Now the question is what would be the quantum of compensation payable to these 84 workers under section 25C of the Act. I shall take up first the case of 14 workers, who were recalled for duties after lay-off. O.P.W. 1 Shri Phani Bhusan Banerjee, who is the cashier of the Company, has deposed in this case. He has stated that these 14 workers were recalled, and they joined their duties. From his evidence, it appears that those 14 workers joined on the dates as given below:—

Accordingly, in accordance with section 25C of the Act, the workers Nos. (72), (74), (75), (77), (80) and (82) shall get lay-off compensation for 15 days, workers Nos. (70), (76) and (81) for 17 days, worker No. (73) for 18 days and worker No. (71) for 24 days. Such compensation they shall get at the rate as provided in the body of section 26C, that is 50 per cent. of the total of the basic wages and dearness allowance.

Regarding the remaining 3 workers Nos. (78), (83) and (84) and 70 other workers in the list, the point is whether they are entitled to get such lay-off compensation only for the first 45 days, or for the entire period of lay-off, which admittedly varied from 216 to about 567 days. It is contended by the Company that in accordance with proviso (a) to section 25C, those workers were entitled to compensation for the first 45 days and for the rest of the period, no compensation was payable. According to the Company, proviso (b) to section 25C cannot apply to the present case. In short, the argument advanced on behalf of the Company is that the workmen in the instant case could be granted compensation only for the first 45 days of the lay-off, and not for any period thereafter. On behalf of the Union, it is agreed that proviso (a) to section 25C applies to the first period of 45 days. But its contention is that for the remaining period of the lay-off, the governing provision is proviso (b) to section 25C, and as such the workers in the present case are entitled to get compensation for the remaining period also.

So, the point for consideration is that whether proviso (b) to section 25C would apply to the instant case. On a careful reading of section 25C, the Tribunal is of the definite view that proviso (b) to section 26C would not apply when there was a single continuous period of lay-off over 45 days. That proviso applies only, if the workmen had been paid compensation for 45 days, and were again laid-off for a further period of more than one week at a time. In the present case, there was one continuous lay-off for the entire period. It could not be disputed and denied. That being so, proviso (b) to section 26C could have no application. By no straining of the language of that proviso, the present lay-off can be brought within its purview. The word "again" as used in proviso (b) to section 26C is very important and significant. That contemplates a second order of lay-off, that is a separate and subsequent period of lay-off. In the present case, there was no such subsequent lay-off, but the original lay-off continues. If any authority is needed for the view taken above, I may profitably cite the recent decision of the Hon'ble Supreme Court in the case of Modi Food Products & Co., Ltd., *vs.* Faquir Chand Sharma and others [1956(i) L.L.J., page 749]. In this case, their Lordships did not approve of the contrary view taken by the Labour Appellate Tribunal.

In the result, the Tribunal holds that all the workers barring Nos. (70), (71), (72), (73), (74), (75), (76), (77), (80), (81) and (82) shall get compensation only for 45 days as provided in proviso (a) to section 25C, and that they will get such compensation at the rate as provided in the body of section 26C, that is 50 per cent. of the total of the basic wages and dearness allowance. As regards workers Nos. (70), (71), (72), (73), (74), (75), (76), (77), (80), (81) and (82), direction has already been given as to what amount they will get as lay-off compensation.

So, to be precise, it is awarded that the workers Nos. (72), (74), (75), (77), (80) and (82) shall get compensation for 15 days, worker No. (73) for 18 days, workers Nos. (70), (76) and (81) for 17 days, worker No. (71) for 24 days and the rest for 45 days only. Such amount of compensation shall be equal to 50 per cent. of the total of the basic wages and dearness allowance that would have been payable to them, had they not been so laid-off.

The payments as awarded above must be made within one month of the date of publication of this award in the *Calcutta Gazette*.

This is my award.

DECISION

The Government of West Bengal in its order No. 2136Dis./D/10L-110/53, dated 11th June 1953, referred to the Fifth Industrial Tribunal, West Bengal, for adjudication an industrial dispute between Messrs. Associated Electrical Industries (India), Ltd. (hereinafter to be referred to as the

Company) and their employees represented by Associated Electrical Industries (India), Ltd. Employees' Welfare Association (hereafter to be referred to as the Union) regarding (1) additional benefit of gratuity, (2) tiffin allowance, and (3) bonus for the years 1950 and 1951. The Tribunal by its award, dated 11th November 1954, and published in the *Calcutta Gazette*, dated 9th December 1954, under the orders of the Government of West Bengal No. 5574Dis./D/10L/130/54, dated 27th November 1954, granted (1) gratuity payable at the rate of 15 days' salary for each completed year of service up to a maximum of 15 months, in cases of retirement or termination of service except on grounds of misconduct; (2) disallowed the claim to tiffin allowance; and (3) granted three months' salary or ¼ of the year's earnings as bonus for the year 1951 and refused to grant any bonus for 1950 on the ground that the claim was a belated one. Against that award Appeal No. Cal. 4 of 1955 is preferred by the Company contending that gratuity and bonus for 1951 ought not to be awarded and Appeal No. Cal. 5 of 1955 is preferred by the employees represented by the Union contending that gratuity at the rate of one month's salary per each completed year of service should have been awarded and that the misconduct disentitling an employee to gratuity should have been specificed as one involving moral turpitude, that tiffin allowance ought to have been awarded in view of their wages being below fair wage level and that bonus ought to have been awarded for both 1950 and 1951 at 6 months' basic pay per year though the claim for 1950 was made a bit late because the employees did not know the profit position of the Company earlier.

2. **Issue 1 (Gratuity).**—There is one retirement benefit of Provident Fund available to the employees of the Company and gratuity is claimed as a second or additional retirement benefit. It has been repeatedly held by this Tribunal (one among several decisions was referred to by the lower Tribunal), that there is nothing wrong in awarding two retirement benefits and that such an award is even desirable in the interests of social justice to enable the employees to have something to fall back upon during old age or incapacity for further work on account of any other causes to which human body is heir to and that the only limitation subject to which the award should be made is the capacity of the concern to bear the financial burden involved and that in view of the fact that retirement benefits are long range arrangements, the test of capacity should depend upon the past and present prosperity of the concern and stability so as to ensure possibilities of future prosperity too.

3. This is a private limited Company which has been doing its business successfully ever since 1924. There has been not even an allegation of loss having been suffered in any year during this more than quarter of a century. Reserves amounting to many times the amount contributed by the share-holders in cash were capitalised by way of bonus shares and still there are reserves. O.P.W. 2 swore that in 1945 and 1947 dividends were declared at 25 per cent. and in 1950 and 1951 at 10 per cent. including bonus shares. Actual profits in 1950 and 1951 according to profit and loss account indicate much greater prosperity than can be indicated by the dividends of 10 per cent. spoken to by O.P.W. 2. The Company contends that since 1949 operating expenses have been rising and that the value of orders received in recent years dropped. However, Ext. B shows that the rise and drop are not so alarming as to tell on the stability of the concern. The main business of the Company is installation of heavy electrical machinery in pursuance of orders secured from all over the country, for which business there is a great future in this country which has undertaken systematised and planned economy towards industrialisation with the help of all sources of power including electricity. The biggest customer of the Company has been the Government of India. The fears expressed by the learned representative for the Company are based more upon possible changes in Governmental policies in regard to imports of heavy electrical machinery from foreign countries rather than upon what is inherent in the nature of the business of the concern and its future possibilities. It will take a long, long time before this country can produce its own heavy electrical machinery without which no Government can change its import policies. Hence we are not in a position to share his fears which are, at present at any rate, unfounded. Thus the Company has been and is prosperous and all indications are in favour of its future prosperity and the prosperity has stabilised itself for over a quarter of a century. Hence we agree with the lower Tribunal that there is justification for introducing a second retirement benefit to the employees.

4. The employees of this very Company serving at its Bombay office have secured, by an award, dated 29th December 1950, and published in the *Bombay Gazette* of that Government, dated 25th January 1951, under the orders of the Bombay Government No. 1026148, dated 17th January 1951, gratuity at one month's salary for each year of completed service. This fact does not appear to have been drawn to the attention of the lower Tribunal. If it was drawn, a discrimination between the employees of the Company at Bombay and Calcutta would not have been possible in the matter of the rate of gratuity. There ought not to be any difference between retired servants of the Company at Bombay and at Calcutta. On behalf of the Company it was contended that gratuity at one month's pay per each completed year of service would involve the Company in an

additional expenditure of Rs. 44,000 a year. The total wage bill itself, even taking all branches of the Company into consideration, is much less. It is doubtful whether at any time, even in the future, the gratuity bill can come to so much as the monthly wage bill. Hence we believe that gratuity even at one month's pay per completed year will not involve a burden too much for the Company to bear. Hence we raise the rate of gratuity awarded by the lower Tribunal to one month's wages per each completed year of service.

5. The lower Tribunal excluded employees who happen to be dismissed for misconduct from the benefit of gratuity. The employees contend that those dismissed for misconduct involving moral turpitude alone should be excluded. Moral turpitude is a vague thing which may not be easy to define in actual practice. The better thing will be to exclude employees whose services are terminated for misconduct involving the Company in pecuniary loss, from the benefit of gratuity. We introduce this alteration in the award of the lower Tribunal.

6 **Issue 2 (Tiffin allowance).**—The first question is whether the appeal in this respect is maintainable under section 7 of the Industrial Disputes (Appellate Tribunal) Act, 1950 (hereafter referred to as the said Act). It is contended on behalf of the employees that the claim is described by the Company in its written statement as one for additional salary and hence the claim relates to "wages" and that hence the appeal is one contemplated by section 7(1)(b)(i) of the said Act. As against how the Company described the claim, we find that the employees described it in their written statement as an allowance and not as wages. But we cannot decide the matter merely on the strength of how either party described the claim. We must analyse the nature of the claim and see if it falls within the definition of "wages" in the said Act. "Wages" means remuneration payable in respect of the employment or of the work done in the employment, whereas an allowance, which is not defined in the Act, means a stated quantity of money to meet expenses. The two are essentially different as an allowance cannot be remuneration. Hence it became necessary for Parliament to expressly include allowances within the definition of "wages"; but, this is done under stated circumstances, viz., that the allowance should be such as the workman is for the time being, entitled to, so that an allowance which is merely claimed but rejected by the lower Tribunal cannot be "wages" for purposes of the said Act, as workmen are not entitled to it for the time being, i.e., at the time when the appeal is preferred. Tiffin allowance claimed by the employees not being remuneration payable in respect of employment, or of work in the employment, the justification for the allowance should be based upon the fact that tiffin has to be eaten during working hours at or near the place of work and away from home and hence is likely to cost more than what it would cost the employee at home and hence it should be a compensatory allowance like daily allowance usually granted when an employee is outside headquarters on duty. Hence we find that the claim is not for "wages" as defined in the said Act and hence this appeal does not lie under section 7(1)(b)(i) of the said Act.

7. The learned representative for the employees argued in the alternative that this appeal is maintainable by virtue of section 7(1)(a) of the said Act as there is a substantial question of law involved in it. The lower Tribunal expressed the opinion that tiffin allowance can be only an *ex-gratia* payment which cannot be claimed as of right. It is contended that this opinion raises a substantial question of law, viz., whether it is *ex-gratia* payment. But the lower Tribunal did not entirely base its decision on such opinion. It also held that the allowance could not be claimed by these employees as a condition of their service for neither a contract nor valid custom to pay tiffin allowance is proved which is a pure question of fact. If the decision of the lower Tribunal can be supported on this finding of fact, the alternative opinion that the claim is to an *ex-gratia* payment cannot raise a substantial question of law, even assuming that it raises some sort of a question of law, for the simple reason that the decision of the lower Tribunal can be maintained even if this opinion is held to be wrong. The employees did not seek to rest their claim on the footing of compensatory allowance and no evidence was let in on that footing. Hence no finding on such footing was called for and the finding that no contract or custom is proved is sufficient to support the decision of the lower Tribunal. We are of opinion that there is no substantial question of law involved and that this appeal in relation to issue 2 is not maintainable.

8. **Issue 3 (Bonus for 1950).**—In 1950, the Company's account year closed on 31st October and its accounts were audited and auditors' report was dated 2nd February 1951. The Company informed the Union on 3rd June 1951, of its decision to pay a bonus of one month's basic pay for the trading year ending October 1950. The Union, on 6th August 1951, expressed the grateful thanks of the members for what was done. The bonus was paid and received admittedly without any demur at the time. Nothing happened till 23rd July 1952. Meanwhile an Industrial Tribunal of Bombay awarded bonus consisting of the basic earnings of the year 1950 to the employees of this Company in its Bombay branch

and it was published in the *Bombay Government Gazette*, dated 24th April 1952. The Union at Calcutta got at a copy of that *Gazette* and on 23rd July 1952 sent the letter Ex. 1(a) claiming bonus of two months' pay for the Calcutta employees. The Company refused this demand. The lower Tribunal rejected this claim on the ground that it was belated and made long after accounts of the year 1950 were closed, thus necessitating the reopening of the accounts especially after payment of bonus consisting of one month's wage was accepted without protest at the time. It is contended, on behalf of the Union, (1) that the bonus which the Company voluntarily paid was customary *Puja* bonus payment of which has become a condition of service and that its acceptance by the employees does not estop the employees from claiming profit bonus, (2) that profit bonus can be claimed only after profit or loss is known and that it can be known only after the closing of the accounts and hence there must be reopening of accounts if enough provision is not made therein for bonus and that in this case the profit or loss could not be known except through the award of the Bombay Tribunal as the Company would not publish its profit and loss accounts and that their claim should not be rejected as belated as there is no period of limitation.

9. We are not impressed with the contention that the employees are entitled to two varieties of bonus, viz., *Puja* bonus as a condition of service and another profit bonus. It is common case that no bonus was ever paid to these employees prior to 1947. Thereafter varying amounts were paid as bonus year after year, before the *Puja* holidays. We fail to see how a custom or condition of service to pay bonus of one month's wages could develop in this fashion by 1950. Therefore, we cannot believe that what was admittedly paid in 1951 for the trading year ending October 1950 and was received with gratefulness was in no sense a customary bonus which became a condition of service. The lower Tribunal did not base its award on grounds of estoppel or on any bar of limitation of time nor are we going to do so. But we are of opinion that the delay in this case has come about under circumstances which make it a right step in the interests of industrial peace and harmony to refuse the claim. Industrial Tribunals are created under the Industrial Disputes Act, 1947, for investigation and settlement of industrial disputes. If investigation and settlement of an industrial dispute by one Industrial Tribunal is used as a spring board for projecting another industrial dispute into an otherwise peaceful atmosphere it should be a most undesirable use of the Act which cannot be encouraged. When investigation into the history of an industrial dispute discloses that such was the case a legitimate way of settling that dispute is by rejecting the claim. In our case the Company voluntarily paid bonus consisting of one month's wages for 1950 and it was accepted with grateful thanks. Long after that, a Bombay Tribunal presided over by Shri Sen awarded bonus consisting of 1/6th of the year's basic earnings after reducing therefrom the amount of one month's wages already paid, to the employees of Bombay branch of the Company for 1950. On coming to know of it and after perusing the award the employees of Calcutta branch started the claim for more bonus for the same year 1950 for the reason that Bombay employees were given more. In the award of the Bombay Tribunal, claim for bonus for the year 1949 was rejected for the reason that the claim thereto was made after a delay of 15 months. The employees in our case should have realised that their demand on 23rd July 1952 was being made after a delay of more than 20 months. If the Bombay award acted as an incentive for the demand made by the present employees on 23rd July 1952, the same award should have acted as a deterrent against advancing the claim after such a delay; but it did not deter them from making the demand and pressing it hard. The obvious reasoning of these employees must have been something like this: "Our brethren at Bombay have by raising a dispute secured an advantage beyond that we have got. Let us also raise a dispute and see what happens. Better late than never. As to delay, let us hope for better luck than our Bombay brethren, before a different Tribunal". The contention that the state of profit or loss of the Company was not known till the Bombay award was available as an excuse for the delay is only a convenient pretext in our opinion. Even after seeing the Bombay award, these employees could not have had knowledge of the exact amount of profit as it was not disclosed in that award. From that award it could have been gathered only that there was enough profit to justify a bonus of 1/6th of the year's basic earnings reduced by one month's wages already paid. Still, these Calcutta employees advanced their claim for bonus consisting of two months' wages without reducing it by one month's wage, already paid and accepted. It is clear from this also that the mentality of spreading the net wide and taking a chance was at the root and such knowledge as was acquired by a perusal of the Bombay award made them no wider for it. That being so, why should lack of knowledge of actual profit have prevented their claiming in August 1951 itself more than what was voluntarily offered by the Company? It is clear that this is a case of projecting a dispute in a speculative mood into an otherwise peaceful atmosphere thereby reopening a matter in which there was acceptance by one party to it with grateful thanks of what was voluntarily offered by the other and absolute peace following for 20 months thereafter. It is this circumstance that weighs with us more than any difficulty in reopening of closed accounts of 1950.

10. Frantic efforts were made to convince us that the demand on 13th July 1952 was not the first demand for bonus for 1950 and that it was made even in the earlier letter (Ext. 1), dated 13th July 1951; but, the efforts fail just as they failed before the lower Tribunal for the simple reasons that there was no mention of bonus for 1950 in that letter. That letter also was an attempt to get some bonus with retrospective effect from 1947 for the alleged reason that the Bombay employees got it under an award. The obvious reference was to the award of the Bombay Tribunal presided over by Shri Merchant referred to in the award of Shri Sen, for, Shri Merchant's award was available before the date of Ext. I, whereas the later award of Shri Sen was not passed by the date of Ext. 1. Shri Merchant's award covered bonus for the year 1947-48 and not the bonus for 1950. Hence Ext. 1 cannot be considered as containing a demand for bonus for 1950 though the expression "with retrospective effect from 1947" was used in it which, under other circumstances, may perhaps be used to cover demands up to the date of the letter.

11. Under all the above circumstances, we are of opinion that the claim for bonus for 1950, beyond what was already paid, was rightly rejected by the lower Tribunal.

12. **Issue 3 (bonus for 1951).**—The empolyees started their demand with a claim for bonus for 1951 at three months' pay; but, during the proceedings before the Tribunal, they raised it to six months' pay. The lower Tribunal awarded three months' pay as bonus on the footing that the available surplus on working out the formula of the Full Bench of this Tribunal would come to Rs. 3,00,000. The Company supplied the audited profit and loss account and balance-sheet for 1951 "pledged to secrecy" in the language of the lower Tribunal. The records disclose that the Company claimed that the document must be dealt with as confidential and the lower Tribunal agreed to do so, in which case section 21 of the Industrial Disputes Act, 1947, provides that information obtained from such documents shall not be included in the award. The lower Tribunal somehow referred to various figures that can be obtained from the said document alone. We ascertained from the learned advocate appearing for the Company that the claim under section 21 was never given up by the Company and that it is there even now. Hence we cannot include, in this decision, figures that can be got only from that document. We can only discuss in general terms the necessary and prior charges to be deducted from gross profit in order to arrive at the available surplus in terms of the Full Bench formula and arrive at our own conclusion whether any bonus can be awarded and if so, how much.

13. The first item of charge is statutory depreciation about which no serious objection was urged on behalf of the employees.

14. The next item is the income-tax. It is contended on behalf of the employees that income-tax is not payable on the amount of bonus and that hence deduction on account of income-tax must be made only after ascertaining the amount of bonus. There is no purpose to be served in deducting or not deducting income-tax after bonus is ascertained. It is true that income-tax is not payable on that part of profit which is paid as bonus; but, the amount of bonus can be determined only from the surplus available after deducting necessary charges. Income-tax is undoubtedly a necessary charge after deducting which alone the measure of the prosperity of the concern in which the employees are entitled to participate can be ascertained. It is true that the concern will later get refund of income-tax on that part of the profit which is paid as bonus. Therefore, this circumstance can be taken into consideration in distributing the available surplus between the employees and the concern. But income-tax cannot be held back till after the ascertainment of available surplus which course, if followed, will give a wrong picture of the prosperity of the concern.

15. On behalf of the Company, a chart of calculation according to the Full Bench formula was submitted before the lower Tribunal. In it no reserve for rehabilitation, replacement and modernisation was deducted expressly. In its place deduction of 20 per cent. for general reserves was claimed. It is argued that the Full Bench formula was primarily intended for textile industry and that the same should be applied to other industries with suitable modifications and that, as in this case there is no manufacturing plant and machinery, general reserves should be allowed to be built up for financial stability of the concern. There is no objection to the Company's building up any amount of reserves actually from its profits. The Full Bench formula is intended only for a specific purpose and adopted certain prior and necessary charges as deductable from gross profits for the specific purpose of ascertaining available surplus which is supposed to supply the measure of the prosperity in which the employees are entitled to participate and get bonus. Such being the case, it is not permissible to add items of prior charges not found in the Full Bench formula. Reserve for rehabilitation was provided in the formula because when plant and machinery are actually getting depreciated in value far beyond the depreciation allowed by the Income-tax Act, by constant use in the industry, it will not be possible to measure the prosperity of the industry without providing for such depreciation from profits accruing

from the industry. Therefore it is a matter of taking into consideration the actual need for rehabilitation of machinery used in the industry and not a matter for setting by sufficient reserves in the interest of the stability of an industry. On behalf of the Company it is next contended that, if so, value of buildings, motor cars, fares, etc., available from the balance-sheet should be multiplied by 2.25 and 2.7 to get at the value necessary for rehabilitation, etc., and that the balance, after deducting total depreciation, should be spread over 30 years and 15 years as was done in some decisions. Decisions are given on facts of the particular cases. The multiple has to be ascertained on the basis of the date of purchase of the assets and the time when rehabilitation may become necessary. In this case no evidence was adduced on these points. Why should anybody assume that buildings or machinery will cost 2.25 or 2.7 times, at some unknown future time, more than what they cost at an unknown past time? Hence no deduction on account of rehabilitation, etc., can be made and the deduction of 20 per cent. towards General reserves is not permissible for purposes of calculating bonus.

16. The next item is return on capital. The capital of this Company consists partly of shares for which cash was paid and partly of bonus shares. The Company claimed return of 10 per cent. on the former and 5 per cent. on the latter. The lower Tribunal allowed 6 per cent. on both. The first objection on behalf of the employees is that the lower Tribunal allowed return on bonus shares more than what the Company itself claimed. This, in our opinion, is a valid objection. We are of opinion that the return should have been limited to 5 per cent. It is next contended by the employees that the return on bonus shares should be only as much as the return on reserves used as working capital and no more. We do not agree. Reserves when converted into bonus shares cease to be liquid assets and cannot be withdrawn. But on the other hand bonus shares represent not exclusively capital resources of share-holders but only past profits earned with the help of the labour of employees also. Hence on bonus shares, return should be allowed at a rate less than that allowed on shares issued for cash but more than what is usually allowed on reserves used as working capital. We consider that 5 per cent. is the proper rate in this case. The Company repeats its claim for return at 10 per cent. on the capital consisting of shares issued for cash on the ground that the concern is running a risky trade in which the annual turnover runs into crores of rupees whereas the capital is a few lakhs of rupees and that hence a return higher than 6 per cent. allowed in the Full Bench formula must be allowed. On carefully considering the matter we do not see any reason to differ from the lower Tribunal in holding that 6 per cent. is a reasonable return in this case.

17. The next deduction claimed is return of 4 per cent. on reserves used as working capital. It was allowed by the lower Tribunal against the opposition of the employees whose point of view is that it is not proved that reserves were at all used as working capital and at any rate for the entire year and that in any event only 2 per cent. return should be allowed. We are of opinion that there can be no hard and fast rule with regard to the rate. The principle is that on such reserves a reasonable rate of return should be allowed. The reasonable rate in our opinion should be in the vicinity of loan market rate. Four per cent. has been the usual rate allowed in awards passed in recent years and it approximates to loan market rate. As to proof of user of reserves as working capital, we accept the evidence of the accountant of the Company (O.P.W. 2). His saying that it was "difficult" to show with reference to documents that reserves were used in the business from time to time does not mean that the point has not been proved at all. He made the necessary calculations and gave evidence. O.P.W. 1 also swore that reserves were used as working capital. This oral evidence can be safely accepted. As this Company took heavy loans, it can be safely assumed that it must have utilised all its reserves for working capital and then borrowed for excess needs.

18. Then the next item claimed by the Company as a prior charge is interest at the rate of 4 per cent. on interest-free loan secured by the Company for use in the business. The employees strongly opposed this claim of the Company on the ground that there should be no such prior charge because the concern paid no interest on the loan and no return can be expected by the Company on such moneys. A close perusal of the balance-sheet shows that there were sundry unsecured debts due to the Company extending over more than the amount of interest-free loan. If the Company wants *pro forma* interest on the loan for which no interest was payable, then they must credit *pro forma* interest on the sundry debts on which admittedly no interest was realised. Interest-free loans obtained by the Company would have helped the business just as much as the interest-free advances to subsidiary Companies and others would have done. Interest-free loans were secured from A.E.I. Finance which is a subsidiary Company of A.E.I., London, which is a shareholder of this Company. Therefore, the claim of the Company that 4 per cent. interest on interest-free loans should be allowed as a prior charge cannot be accepted.

19. The last item claimed as a prior charge is interest at 4 per cent. on working capital provided by some special facilities secured from

Companies from whom this Company purchased machinery. It is said that normally two months' credit is allowed for payment in respect of goods imported but that a special facility was secured by this Company of paying 4 months after date of shipment. We are not able to accede to the claim that this facility should first be valued in money and that a return of 4 per cent. on it should be allowed as a prior charge. Theoritically at least, prices of goods sold on short credit must be so fixed as to include interest also. Therefore, though interest as such is not separately charged, it must be deemed to have been included in the price paid. Also, it is admitted that this Company is not charging interest under similar circumstances from its customers chief among whom is the Government of India. For reasons similar to those discussed in the previous paragraph, we agree with the lower Tribunal in holding that this item cannot be allowed.

20. Not being able to refer to actual figures is a handicap, but there is no help against it as even charts of calculation were claimed to be confidential and sent by the lower Tribunal in a special cover. The wage bill of these employees per month is Rs. 37,000, so that bonus awarded by the lower Tribunal amounts to Rs. 1,11,000 which works at about one-third of the available surplus which will be arrived at if calculated taking into consideration the above items. The needs of the Company judged from the nature of the business carried on by it involving annual turnover running into 2 or 3 crores of rupees whereas the paid up capital is a few lakhs of rupees justify, in our opinion, distribution of available surplus in the ratio of 2:1 between the Company and its employees. The number of employees is said to be less than 400. Rs. 37,000 spread over them gives a rough idea of the average wage level, viz., just less than Rs. 100 per month. At such a wage level, we consider that three months' wages as bonus are fair to the employees. Hence we confirm the rate of bonus awarded for 1951 by the lower Tribunal. We neither increase it as desired by the employees nor decrease as desired by the Company.

21. In the result the employees' appeal succeeds and the Company's appeal fails on issue No. 11; the employees' appeal fails on issue No. 2 and appeals of both fail on issue No. 3. Under the circumstances each party shall bear its own costs.

Regional National Savings Officer.

PRESS NOTE.

THE Finance Commission have to make recommendations to the President on the following matters:—

(i) the distribution of the net proceeds of income-tax between the Union and the States and the allocation of the States' share among the States;

(ii) the distribution of other divisible Central taxes like Union excise duties;

(iii) the amounts to be paid to the States of Assam, Bihar, Orissa and West Bengal in lieu of the assignment of any share of the export duty on jute and jute products;

(iv) the principles which should govern the grants-in-aid of the revenues of the States out of the Consolidated Fund of India;.

(v) the States which are in need of assistance by way of grants-in-aid of the revenues of those States and the sums to be paid to those States, having regard, among other considerations, to the requirements of the Second Five-Year Plan and the efforts made by those States to raise additional revenue from the sources available to them;

(vi) the principles which should govern the distribution of the net proceeds of the estate duty in respect of property other than agricultural land;

(vii) the modifications, if any, in the rates of interest and the terms of repayment of the loans made to the various States by the Government of India between the 15th August 1947 and the 31st March 1956.

2. At present 55 per cent. of the divisible net proceeds of income-tax (other than Corporation Tax) is assigned to the States and distributed among them in the following percentage ratios:—

State.	Percentage.
Andhra	5.49
Assam	2.25
Bihar	9.75
Bombay	17.50
Hyderabad	4.50
Madhya Bharat	1.75
Madhya Pradesh	5.25
Madras	9.56
Mysore	2.45
Orissa	3.50
PEPSU	0.75
Punjab	3.25
Rajasthan	3.50
Saurashtra	1.00
Travancore-Cochin	2.50
Uttar Pradesh	15.75
West Bengal	11.25

The shares of the States have to be refixed as a result of the impending reorganization and new percentage recommended for the reorganized States.

The share to be retained by the Centre also has to be determined.

The present allocation is broadly worked out on the basis of 80 per cent. by population and 20 per cent. by collection.

The basis of distribution of income-tax has always been a matter of controversy. Various bases have been suggested for allocating income-tax—

(i) the collection of income-tax in the various States;

(ii) the amount of income-tax realised in respect of income, wherever earned, of individuals resident in the different States;

(iii) the collection of income-tax in the various States adjusted with reference to the origin of the income;

(iv) the relative population of each State;

(v) the relative volume of industrial labour in each State;

(vi) the needs of the different States according to various criteria; and

(vii) different combinations of the above factors.

3. Three Union duties of excise, namely, those on matches, tobacco and vegetable products, are now divisible between the Centre and the States and 40 per cent. of the net proceeds are distributed among the States on the basis

of population. The quantum of the taxes to be transferred to the States, the excises to be continued or made divisible and the basis of distribution all fall to be considered by the Commission.

4. The first Finance Commission recommended that the grants-in-aid of Rs. 75 lakhs each to Assam and Bihar, Rs. 15 lakhs to Orissa and Rs. 150 lakhs to West Bengal be paid each year in lieu of the assignment of a share of the export duty on jute. This Commission have to consider whether any change in the figures suggested by the first Commission and accepted by Government is necessary.

5. In Chapter VII of their report the last Commission formulated certain principles to govern the payment of grants-in-aid to the States which they themselves had applied in making their recommendations. This Commission will re-examine those principles in the light of subsequent developments and the changes in the practice in other countries and indicate any changes necessary in them.

6. The Commission have to make recommendations regarding the States in need of assistance and the sums to be prescribed as grants-in-aid of the revenues of such States. At present Assam, Mysore, Orissa, Punjab, Saurashtra, Travancore-Cochin and West Bengal are in receipt of general grants-in-aid as a result of the recommendations of the last Commission. This Commission will re-examine the financial position of all the States and make recommendations to the President regarding the States in need of assistance and the sums to be prescribed as grants-in-aid of the revenues of such States. A large variety of considerations may enter into the determination of the needs of the States and these may differ from State to State. The Commission will also consider the nature of the grants-in-aid, such as whether they should be fixed or progressive, general or specific, conditional or unconditional.

In addition to the general grants-in-aid which some of them may be receiving, Bihar, Hyderabad, Madhya Bharat, Madhya Pradesh, Orissa, Patiala and East Punjab States Union, Punjab and Rajasthan are in receipt of special grants-in-aid for the expansion of primary education. The Commission will assess the results achieved by the specific grants given to these States.

7. The net proceeds of the Estate duty on property other than on agricultural land is now being provisionally distributed among the States in the same way as the States' share of the net proceeds of taxes on income other than Corporation Tax. In other words, it is being distributed by the percentage ratios fixed for the States for income-tax except that the Centre does not retain any portion of the receipts except those attributable to the Part "C" States. A more permanent basis of distribution has to be formulated by law of Parliament. An important issue, in this connection, would be whether the duty should be distributed on the basis of percentage ratios, whether arrived at on the basis of the percentage ratios prescribed for the distribution of income-tax or otherwise, or the distribution should be on the basis of assessments, the location of the property taxed, the residence of assessee, etc.

8. Central loans have been given to the States for a variety of purposes ranging from the construction of big irrigation and multi-purpose projects to the construction of minor irrigation works, grow-more-food schemes, famine works, rehabilitation of displaced persons, etc. Some of them have also been given loans to cover budgetary deficits. The terms of interests and repayment of these loans vary for different categories of loans. These will be reviewed and any changes necessary in the interest of sound finance indicated.

9. The Finance Commission would welcome the views of those who are interested in and have made a study of these questions. They would be glad if such views could be embodied in a self-contained memorandum and sent to the Secretary, Finance Commission, to reach him on or before the 30th November 1956.

Dated New Delhi, July 12, 1956.

PART VI.—Bills introduced in Parliament of India; Reports of Select Committees presented to Parliament; and Bills published before introduction in Parliament.

RAJYA SABHA

The following Bill was introduced in the Rajya Sabha on the 23rd April 1956:—

BILL NO. VII OF 1956.

A Bill further to amend the Industrial Disputes Act, 1947.

BE it enacted by Parliament in the Seventh Year of the Republic of India as follows:—

Short title.

1. This Act may be called the Industrial Disputes (Amendment) Act, 1956.

Amendment of section 25C.

14 of 1947.

2. Section 25C of the Industrial Disputes Act, 1947 (hereinafter referred to as the principal Act), shall be re-numbered as sub-section (*1*) thereof, and—

(*a*) in sub-section (*1*) as so re-numbered, for the provisos, the following proviso shall be substituted, namely:—

"Provided that the compensation payable to a workman during any period of twelve months shall not be for more than forty-five days.";

(*b*) after sub-section (*1*) as so re-numbered, the following sub-section shall be inserted, namely:—

'(*2*) Notwithstanding anything contained in the proviso to sub-section (*1*), if during any period of twelve months, a workman is laid-off for more than forty-five days, whether continuously or intermittently, and the lay-off after the expiry of the first forty-five days comprises continuous periods of one week or more, the workman shall, unless there is any agreement to the contrary between him and the employer, be paid for all the days comprised in every such subsequent period of lay-off for one week or more compensation at the rate specified in sub-section (*1*):

Provided that it shall be lawful for the employer in any case falling within this sub-section to retrench

the workman in accordance with the provisions contained in section 25F at any time after the expiry of the first forty-five days of lay-off and when he does so, any compensation paid to the workman for having been laid-off during the preceding twelve months may be set off against the compensation payable for retrenchment.".

Insertion of new section 25FF.

3. After section 25F of the principal Act, the following section shall be inserted, namely:—

Special provision relating to workmen employed in undertakings which are transferred.

"25FF. Notwithstanding anything contained in section 25F, no workman shall be entitled to compensation under that section by reason merely of the fact that there has been a change of employers in any case where the ownership or management of the undertaking in which he is employed is transferred, whether by agreement or by operation of law, from one employer to another:

Provided that—

(*a*) the service of the workman has not been interrupted by reason of the transfer;

(*b*) the terms and conditions of service applicable to the workman after such transfer are not in any way less favourable to the workman than those applicable to him immediately before the transfer; and

(*c*) the employer to whom the ownership or management of the undertaking is so transferred is, under the terms of the transfer or otherwise, legally liable to pay to the workman, in the event of his retrenchment, compensation on the basis that his service has been continuous and has not been interrupted by the transfer.".

STATEMENT OF OBJECTS AND REASONS

Doubt has been raised whether retrenchment compensation under the Industrial Disputes Act, 1947, becomes payable by reason merely of the fact that there has been a change of employers, even if the service of the workman is continued without interruption and the terms and conditions of his service remain unaltered. This has created difficulty in the transfer, reconstitution and amalgamation of companies and it is proposed to make the intention clear by amending section 25F of the Act.

2. Questions have also been raised whether a workman who is laid-off for more than forty-five days continuously is entitled to lay-off compensation for any period beyond the first forty-five days. Opportunity has been taken to remove the ambiguity by specifying the circumstances under which such compensation beyond the first forty-five days would be admissible to a workman.
